The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

Secondly, the document outlines the process for reconciling accounts. It states that accounts should be reconciled at the end of each month to identify any discrepancies. This involves comparing the internal records with the bank statements and ensuring that they match. Any differences should be investigated and corrected immediately.

Thirdly, the document addresses the issue of budgeting. It suggests that a detailed budget should be created for each fiscal year, taking into account all expected income and expenses. This will help in managing the organization's finances and ensuring that it remains within its financial limits.

Finally, the document concludes by stating that regular audits are essential for maintaining the accuracy and reliability of the financial records. It recommends that an independent auditor should be engaged to perform a comprehensive audit of the organization's financial statements at least once a year.

(At no increase in Contract cost).

The Commission V O T E D: to approve an extension of time from December 31, 1998 to July 15, 1999, as recommended by Messrs.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the document outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative research techniques, as well as the use of statistical software to process and interpret the results. The goal is to provide a comprehensive overview of the data and to identify any trends or patterns that may be present.

The third part of the document provides a detailed analysis of the data collected. This includes a breakdown of the data by category and a comparison of the results to previous studies. The analysis shows that there are significant differences between the two groups, and that the results are consistent with the findings of other research in this area.

The final part of the document discusses the implications of the findings and provides recommendations for future research. It is suggested that further studies be conducted to explore the relationship between the variables in more detail, and that the results be used to inform decision-making within the organization.

Faucher and DiRamio, in their report of January 21, 1999, to be effective, however, only upon receipt of the written consent of the bonding company, and on condition that no further request will be made for additional compensation.

The Secretary then submitted for signature Service Contract,

1. The first part of the report discusses the background of the project and the objectives of the study. It also outlines the methodology used for data collection and analysis.

2. The second part of the report presents the results of the study, which show a significant increase in the number of participants who completed the program.

3. The third part of the report discusses the implications of the findings and provides recommendations for future research.

4. The final part of the report is a conclusion that summarizes the main findings and reiterates the importance of the study.

The results of the study indicate that the program was effective in increasing the number of participants who completed the program. This suggests that the program is a valuable tool for improving the health and well-being of the community.

The findings also suggest that the program is a cost-effective way to improve the health and well-being of the community. This is because the program is relatively low-cost and can be implemented in a variety of settings.

Based on the findings, it is recommended that the program be expanded to other communities and that further research be conducted to evaluate the long-term effects of the program.

The program was implemented in a variety of settings, including community centers, schools, and senior centers. This allowed the program to reach a wide range of participants and to be tailored to the needs of each setting.

The program was also implemented in a variety of languages, including English, Spanish, and Chinese. This allowed the program to be accessible to a wide range of participants.

The program was implemented in a variety of ways, including individual sessions, group sessions, and self-paced learning. This allowed the program to be tailored to the needs of each participant.

The Commission V O T E D: Approved.

The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, which are based on the principle of the conservation of energy and the principle of the conservation of momentum. The second part of the paper is devoted to a discussion of the experimental results obtained in the study of the structure of the atom. It is shown that the experimental results are in good agreement with the theoretical predictions of quantum mechanics.

The third part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of matter. It is shown that the theory of the structure of the atom can be used to calculate the properties of matter, such as the density, the specific heat, and the thermal conductivity. The fourth part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of the radiation field. It is shown that the theory of the structure of the atom can be used to calculate the properties of the radiation field, such as the intensity, the frequency, and the polarization.

The fifth part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of the solid state. It is shown that the theory of the structure of the atom can be used to calculate the properties of the solid state, such as the crystal structure, the lattice constant, and the band structure. The sixth part of the paper is devoted to a discussion of the application of the theory of the structure of the atom to the study of the properties of the liquid state. It is shown that the theory of the structure of the atom can be used to calculate the properties of the liquid state, such as the density, the specific heat, and the thermal conductivity.

1. Report of Mrs. Overton Bussell and Messrs. Faucher and Orfant, February 8, requesting authorization to transfer \$150,000.00 to the Division of Capital Asset Management for the purpose of a study and design of a replacement bathhouse at Constitution Beach, East Boston.
Account No. 2440-8956.
The Commission V O T E D: authorization to transfer \$150,000.00 to the Division of Capital Asset Management for the purpose of a study and design of a replacement bathhouse at Constitution Beach, East Boston, as requested by Mrs. Overton Bussell and Messrs. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

In the second part, the document outlines the specific procedures for recording transactions. It details the steps involved in the accounting cycle, from identifying the transaction to posting it to the appropriate ledger account.

The third part of the document focuses on the classification of transactions. It explains how to determine whether a transaction is an asset, liability, or equity transaction, and how to record it accordingly.

The fourth part of the document discusses the importance of reconciling the books. It explains how to compare the company's records with the bank's records to ensure that they agree.

The fifth part of the document discusses the importance of preparing financial statements. It explains how to use the information in the books to prepare the balance sheet, income statement, and statement of cash flows.

The sixth part of the document discusses the importance of auditing. It explains how an independent auditor can provide assurance that the financial statements are fair and accurate.

The final part of the document discusses the importance of internal controls. It explains how a company can design and implement controls to prevent and detect errors and fraud.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document further states that regular reconciliation of accounts is essential to identify any discrepancies early on and prevent them from escalating into larger issues.

In the second section, the author outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative approaches. Qualitative data is gathered through interviews and focus groups, while quantitative data is obtained from surveys and statistical analysis. The document highlights the importance of using a mix of these methods to gain a comprehensive understanding of the subject matter.

The third part of the document focuses on the results of the research. It presents a series of findings that are supported by the data collected. These findings are then discussed in the context of the research objectives and the existing literature. The document concludes by summarizing the key points and providing recommendations for future research.

Overall, the document provides a detailed and thorough overview of the research process, from the initial planning stages to the final conclusions. It serves as a valuable resource for anyone interested in conducting similar research or understanding the complexities of data collection and analysis.

The Commission V O T E D: to adopt an order of taking for approximately 1.1 acres of land owned by the Trust for Public Land, located in the City of Quincy, Massachusetts.

**ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION**

Boston, March 12, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 15 of the Acts of 1996, and Sections 33 and 79 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for park and reservation and protection of open space purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the City of Quincy in the County of Norfolk and Commonwealth of Massachusetts, namely:

Three certain lots of land lying on the southerly side of Mullin Avenue, shown as Lot 4, Lot 6 and Lot 7 upon a plan of land entitled "Division of Land In Quincy, MA Prepared for Czar Realty Trust 1094 Blue Hill Ave. Milton, Ma 02186," dated November 18, 1996, prepared by DeCelle Engineering & Survey Inc., Lawrence W. DeCelle, P.L.S., which plan was recorded with Norfolk District Registry of Deeds on November 27, 1996, as Plan No. 814 of 1996 in Plan Book 444.

Said Lot 4 comprises 32,120 square feet, or 0.74 acres, and is bounded Northerly by Mullin Avenue, Easterly by land now or formerly of the City of Quincy, Southerly and Northwesterly by land of the Commonwealth of Massachusetts, and Westerly by land now or formerly of Stephen Gosselin, Inc.

Said Lots 6 and 7 are contiguous parcels comprising together 15,600 square feet, or 0.36 acres, are bounded Northeasterly by Mullin Avenue, Southerly by land of the Commonwealth of Massachusetts, and Westerly by land now or formerly of the City of Quincy.

The total area of the lands taken hereby is 47,720 square feet, or 1.10 acres.

The above described premises are depicted upon Quincy Assessors Sheet 4126 as all of the easterly portion of Plot 28, and part of the westerly portion of Plot 28, formerly lands of James D. Shea.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any and all fee interest in Mullin Avenue and/or to the old way along the southerly lines of Lot 4 and Lot 7 which may be held by the supposed owner, as a result of its ownership of the above described property, and being the same premises described in a deed from John M. Feeney, Trustee of Czar Realty Trust to The Trust For Public Land, a California public benefit corporation, with a usual business address of 33 Union Street, Boston, MA 02108, dated January 8, 1998 and recorded with Norfolk Registry of Deeds on January 9, 1998 at Book 12199, Page 264.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said lands, and excluding all easements of record on, over, under, across and through said land.

The concurrence of the Park and Recreation Commissioners of the City of Quincy, pursuant to section 79 of Chapter 92 of the General Laws, as amended, is attached hereto and made a part hereof.

The Commission awards damages sustained by the supposed owner of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNER</u>	<u>AWARD</u>
The Trust for Public Land	\$ 230,000.00

The Commission further V O T E D: to approve an award of damages in the amount of \$230,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.

The Commission V O T E D: that the work of D & C Construction Corp., Inc., Contractor under contract No. PL92-017-C1A, be and hereby is accepted as completed as of August 31, 1998.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the document outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative research techniques, as well as the use of statistical software to process and interpret the results. The goal is to provide a comprehensive overview of the data and to identify any trends or patterns that may be present.

The third part of the document provides a detailed analysis of the data collected. This includes a breakdown of the data by category and a comparison of the results to previous studies. The analysis shows that there are significant differences between the two groups, and that the results are consistent with the findings of other research in this area.

The fourth part of the document discusses the implications of the findings and provides recommendations for future research. It is suggested that further studies be conducted to explore the relationship between the variables in more detail, and that the results be used to inform decision-making within the organization.

The fifth part of the document is a conclusion that summarizes the main findings of the study. It reiterates the importance of accurate record-keeping and the value of the data collected. The conclusion also highlights the need for ongoing research and the potential for future discoveries in this field.

The Commission further V O T E D: to approve Estimate No. 15 (Final), in the amount of \$6,971.81, for payment.
The Commission further V O T E D: to approve release of reserve, in the amount of \$366.94, for payment.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document further states that regular audits are essential to verify the accuracy of these records and to identify any discrepancies or errors. It also mentions that proper record-keeping is crucial for tax purposes and for providing a clear audit trail to stakeholders.

In the second part, the focus shifts to the management of inventory. It describes various methods for tracking stock levels, such as periodic physical counts and perpetual inventory systems. The document highlights the benefits of using technology, like barcode scanners and inventory management software, to streamline the process and reduce the risk of human error. It also discusses the importance of understanding the flow of goods from suppliers to customers, as this helps in optimizing stock levels and minimizing carrying costs.

The third section addresses the topic of budgeting and financial forecasting. It explains how a well-defined budget can serve as a roadmap for the organization's financial future. By setting realistic targets for revenue and expenses, management can better allocate resources and make informed decisions. The document also touches upon the use of historical data and market trends to create more accurate forecasts, which are vital for long-term strategic planning.

Finally, the document concludes with a summary of the key points discussed. It reiterates that effective financial management is the cornerstone of a successful business. It calls for a commitment to transparency, accuracy, and continuous improvement in all financial practices. The document ends with a note that these principles are not just for large corporations but are equally applicable to small businesses and startups.

The Commission V O T E D: to adopt an Order of Taking for acquisition of approximately 1.77 acres of land owned by Frank A. Bonacorso and Anthony P. Bonacorso, located in the town of Winthrop, Massachusetts.

ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, April 29, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 15 of the Acts of 1996, and Sections 33 and 79 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for park and reservation and protection of open space purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Town of Winthrop in the County of Suffolk and Commonwealth of Massachusetts, namely:

A certain parcel of land, located at and numbered 134 Morton Street, lying on the northerly side of Morton Street, the easterly side of Read Street Extension, a paper street, and the westerly side of Douglas Street Extension, a paper street, and bounded on the north by marsh lands now or formerly of the Town of Winthrop, more particularly bounded and described as follows:

Beginning at a granite monument set in the northerly line of Morton Street, at the southwesterly corner of land now or formerly, of Thomas and Rita Kostinden, as conveyed to the Kostindens by George Costonis, by deed dated June 7, 1966, and recorded with Suffolk County Registry of Deeds in Book 8047, Page 18;

Thence N. 85° 35' 40" W., 309.15 feet, by the northerly line of Morton Street, to another granite monument set at a point of curvature;

Thence Northwesternly along the arc of a curve to the right, having a radius of 12.00 feet, an arc distance of 17.74 feet, said arc being subtended by a central angle of $84^{\circ} 43' 00''$, to a point of tangency at another granite monument set in the easterly line of Read Street Extension, a paper street;

Thence N. $00^{\circ} 52' 43''$ W., 176.76 feet, by the easterly line of the paper street, to a point of curvature;

Thence Northeasterly along the arc of a curve to the right, having a radius of 12.00 feet, an arc distance of 19.95 feet, said arc being subtended by a central angle of $95^{\circ} 17' 00''$, to a point of tangency, said point being in the southerly line of a parcel of marsh land now or formerly of the Town of Winthrop;

Thence S. $85^{\circ} 35' 40''$ E., 395.77 feet, by the land, now or formerly, of the Town of Winthrop, to a point of curvature;

Thence Southeasterly along the arc of a curve to the right, having a radius of 12.00 feet, an arc distance of 17.55 feet, said arc being subtended by a central angle of $83^{\circ} 47' 00''$, to a point of tangency, said point being in the westerly line of Douglas Street Extension, a paper street;

Thence S. $01^{\circ} 48' 40''$ E., 115.05 feet, by the westerly line of the paper street, to another granite monument set at the northeasterly corner of the abutting parcel first mentioned, land now or formerly of Thomas and Rita Kostinden;

Thence N. $86^{\circ} 02' 23''$ W., 94.79 feet, by the northerly line of land, now or formerly, of T. & R. Kostinden, to another granite bound set at the northwesterly corner of said abutting lot;

Thence S. $04^{\circ} 22' 02''$ W., 74.20 feet, by the westerly line of the last named abutter, to the first mentioned granite bound set in the northerly line of Morton Street, being the point and place of beginning.

The above premises, as described herein, are substantially as shown upon a plan entitled "Plot Plan Winthrop, Mass.," prepared by Joseph Francis Page, C.E., R.L.S., 217 Albany Street Boston, Mass., dated May 4, 1977, which plan is recorded with the Suffolk County Registry of Deeds in Book 8968, Page 426.

A later, and more definitive, unrecorded plan entitled "Plan of Land In Winthrop, Mass. Owner A. Bonacorso," prepared by David G. Sheehan, R.L.S., 16 Grove Street Tewksbury, MA, dated Dec. 12, 1979, was also used in the construction of the description set forth above. A copy of this later and more complete plan, showing a parcel area of 76,812 square feet, more or less, or 1.7634 acres, more or less, is on file with the Real Property Section of the Office of the General Counsel of the Metropolitan District Commission, at its Headquarters, located at 20 Somerset Street, Boston, MA.

The above described parcel is represented upon Winthrop Assessors Tax Map 60 as Lot 4, a parcel containing approximately 69,000 square feet.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any and all fee interest in Morton Street and/or Read Street Extension and/or Douglas Street Extension which may be held by the supposed owners as a result of their ownership of the above described property, and being the same premises described in the following deeds: a deed dated October 30, 1984, from Frank A. Bonocorso, Trustee of Morton Street Realty Trust, to Frank A. Bonocorso and Anthony P. Bonocorso, recorded with said Deeds in Book 11229, Page 156; a confirmatory deed dated May 16, 1985, from Frank A. Bonocorso, as Trustee and Individually, and from Anthony P. Bonocorso, Individually, to Frank A. Bonocorso and Anthony P. Bonocorso, recorded with said Deeds in Book 11623, Page 302; a deed dated April 1, 1998 from Frank A. Bonacorso and Anthony P. Bonacorso to Anthony J. Bonacorso, recorded with said Deeds in Book 22520, Page 345; a deed dated April 1, 1998, from Anthony J. Bonacorso to Frank A. Bonacorso and Anthony J. Bonacorso, recorded with said Deeds in Book 22520, Page 347; and a confirmatory deed dated July 1, 1998, from Anthony J. Bonacorso to Frank A. Bonacorso and Anthony P. Bonacorso, as tenants in common (to correct the erroneous middle initial of the second grantee in the above deed), recorded with said Deeds in Book 22677, Page 12.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said lands, and excluding all easements of record on, over, under, across and through said land.

The Commission hereby grants the owners of the premises taken hereby, the limited right to access said premises and remove from same, or cause to be removed from same, any and all vehicles, boats, personalty, materials, and equipment being stored on said premises, for a period of four (4) months from the date of the recording of this order with the Suffolk County Registry of Deeds; provided, however, that at the end of this four-month period, such property remaining on said premises shall be deemed property of the Commonwealth of Massachusetts.

The concurrence of the Park and Recreation Commissioners of the Town of Winthrop, pursuant to section 79 of Chapter 92 of the General Laws, as amended, is attached hereto and made a part hereof.

The Commission awards damages sustained by the supposed owners of the land hereinabove mentioned by reason of said taking, in the following sum:

OWNERS

AWARD

Frank A. Bonacorso and

\$ 900,000.00

Anthony P. Bonacorso

The Commission further V O T E D: to approve an award of damages in the amount of \$900,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A, and Chapter 79A.

Action was taken upon the following matter relating to the Watershed Management Division:

1. Report of Mr. Baratta, April 20, requesting that the Commission approve an Amendment to the Master Service Agreements for Police Services - Sewer Construction Project Holden and West Boylston, as follows -
 1. Extend the Master Service Agreement for Police Services with the Town of Holden from June 30, 2001 to June 30, 2003, and reallocate funds by fiscal year.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The document also notes that records should be kept for a sufficient period of time to allow for a thorough review if necessary.

The second part of the document outlines the specific procedures for recording transactions. It details the steps that must be followed to ensure that all transactions are properly documented and that the records are consistent and reliable. This includes instructions on how to handle receipts, invoices, and other documents that are used to record transactions.

The third part of the document discusses the role of the auditor in verifying the accuracy of the records. It explains that the auditor is responsible for reviewing the records to ensure that they are complete and correct. The document also notes that the auditor should be able to identify any discrepancies or errors in the records and report them to the appropriate authorities.

The fourth part of the document discusses the importance of maintaining the confidentiality of the records. It notes that the records contain sensitive information and that it is essential to ensure that this information is protected from unauthorized access. The document also outlines the steps that should be taken to ensure that the records are secure and that they are not lost or destroyed.

The fifth part of the document discusses the importance of maintaining the integrity of the financial system. It notes that the financial system is a critical part of the economy and that it is essential to ensure that it is free from fraud and corruption. The document also outlines the steps that should be taken to ensure that the financial system is transparent and that it is subject to effective oversight.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

which are subject to the boundary conditions

where \mathbf{A} and \mathbf{B} are matrices of order n and m respectively, and \mathbf{C} is a matrix of order n .

The second part of the paper is devoted to a detailed study of the case in which the matrices \mathbf{A} and \mathbf{B} are symmetric and positive definite.

In this case it is shown that the system of equations has a unique solution if and only if the matrix $\mathbf{A} - \mathbf{B}^{-1}\mathbf{C}\mathbf{C}^T\mathbf{A}$ is positive definite.

The third part of the paper is devoted to a study of the case in which the matrices \mathbf{A} and \mathbf{B} are not symmetric.

In this case it is shown that the system of equations has a unique solution if and only if the matrix $\mathbf{A} - \mathbf{B}^{-1}\mathbf{C}\mathbf{C}^T\mathbf{A}$ is nonsingular.

The fourth part of the paper is devoted to a study of the case in which the matrices \mathbf{A} and \mathbf{B} are singular.

In this case it is shown that the system of equations has a unique solution if and only if the matrix $\mathbf{A} - \mathbf{B}^{-1}\mathbf{C}\mathbf{C}^T\mathbf{A}$ is nonsingular.

The fifth part of the paper is devoted to a study of the case in which the matrices \mathbf{A} and \mathbf{B} are singular and the matrix \mathbf{C} is nonsingular.

In this case it is shown that the system of equations has a unique solution if and only if the matrix $\mathbf{A} - \mathbf{B}^{-1}\mathbf{C}\mathbf{C}^T\mathbf{A}$ is nonsingular.

Action was taken upon the following matter relating to the
Recreational Facilities and Programs Division:

2. Report of Mr. Doak, April 26, submitting for approval and execution Permit Agreement between the MDC and Slopes, Inc., d/b/a Blue Hills Ski Area, for a summer program.
Acting Director of Reservations and Historic Sites Division (RHS), Peter Church, explained that control of the Blue Hills Ski Area was recently transferred from Recreational Facilities and Programs Division (RFP) to the (RHS) Division.
As a result of the transfer, some minor changes were made to the original concession Permit-Agreement as submitted by RFP.
Mr. Church then outlined the changes made to the Permit-Agreement.
Acting Commissioner Carr asked if Slopes, Inc., is up to date on payments to the Town of Canton and various utility companies, which provide services for Slopes, Inc., d/b/a/ Blue Hills Ski Area.
Mr. Church stated that he was not sure. However, he explained, he will look into the matter.
Acting Commissioner Carr moved for approval and execution of the Permit Agreement with Slopes, Inc., d/b/a/ Blue Hills Ski Area, contingent upon Slopes, Inc., d/b/a/ Blue Hills Ski Area, is and remains in good standing on all payments to utility companies and to the Town of Canton.
The Commission V O T E D: Approved as moved by Acting

Commissioner Carr. (with aforementioned stipulations).
The Secretary then submitted for signature Permit Agreement, dated May 13, 1999, between the MDC and Slopes, Inc., d/b/a Blue Hills Ski Area, which was signed by Acting Commissioner Carr and two Associate Commissioners.

Record of the Three Thousand Eight Hundred and Ninety Fourth (3894th) Meeting of the Metropolitan District Commission duly called and held at 20 Somerest Street, Boston, Massachusetts, on Thursday, May 27, 1999 at 9:00 a.m.

Present, Commissioner Balfour and Associate Commissioners Carr Elkort, Rollins and Sheppard.

The Records of the Commission Meeting held on May 13, 1999 were read and approved.

The Secretary submitted for signature the following papers which were signed by the Commissioner and four Associate Commissioners:

1. Contract No. P99-1999-C1B, dated May 27, 1999, with Ledgewood Construction Co., Inc., for Installation of Pre-Purchased Bleacher Stand Materials, Hormel Stadium, Medford.
2. Contract-Agreement No. WM96-010-S1A, dated May 27, 1999, with GZA GeoEnvironmental, Inc., for Inspection of Division of Watershed Management Dams.
3. Second Amendment, dated May 27, 1999, to Contract-Agreement No. WM95-085-D1A, with GZA GeoEnvironmental, Inc., for Design and Construction Services, Boat Cove, Wachusett Reservoir.

Action was taken upon the following matters relating to the Engineering and Construction Division:

4. Report of Messrs. Faucher and Sacco, April 2, recommending approval of the action of Deputy Commissioner Faucher resulting in a revision in quantities on Item No. 002-020 - Misc. Labor - at a cost of \$3,060.00, on Contract No. P98-1971-C1A, with R.M.H. Electric Co., Inc., for Installation of Semaphore Gates. (The cost of the revision will be offset by unused quantities in Item Nos. 002-010 - Miscellaneous Parts, 003-010 - Traffic Control Services, in the amount of \$1,101.76 and \$1,985.24, from Account No. 2490-0010).
The Commission V O T E D: to approve the action of Deputy Commissioner Faucher, which resulted in a revision in quantities on Item No. 002-020, on Contract No. P98-1971-C1A.
The Commission further V O T E D: to approve the revision in quantities on Item No. 002-020, in the amount of \$3,060.00.
5. Report of Messrs. Faucher, Brooks and Balicki, May 11, on bids for Improvements to Ventilation, Neponset Garage, Dorchester, Contract No. P99-2000-C1A.

of the project from \$170,000.00 to \$328,034.00, due to the need to replace water line, and accept the lowest bid received, that of N.E.L. Corporation, of \$328,034.00.)

Funding - \$170,000.00 from Account No. 2440-2503 and \$158,034.00 from Account No. 2490-0017.

Associate Commissioner Carr questioned the increase in the value of the project from \$170,000.00 to \$328,034.00.

Mr. Lenhardt explained it was determined prior to advertising the project, that the water line had to be replaced and it was added to the project without adjusting the original estimate, due to time constraints.

The increase, he explained, was to increase the total appropriated funds up to the Contract bid price.

The Commission V O T E D: to approve an increase in the value of the project from \$170,000.00 to \$328,034.00, due to the need to replace water line, as recommended by Messrs. Faucher and Lenhardt in their report of May 17, 1999.

The Commission further V O T E D: to accept the lowest bid received, that of N.E.L. Corporation, of \$328,034.00.

At this point, Associate Commissioner Carr took official note of the recent departure of Associate Commissioners Darryl S. Settles and Charles F. Wu, from the Commission.

Commissioner Balfour and Associate Commissioners Carr and Elkort expressed their appreciation for Associate Commissioner Settles's enthusiasm in renewing the dream of Charles Eliot and returning the parks to the people.

It was noted that during the past eight years, Associate Commissioner Settles, joined in furthering the revitalization and beautification of the Commission's reservations, parkways, recreational facilities and the acquisition of countless acres of parkland and watershed land, thereby offering the public an expanded program of recreational activities and special events. Commissioner Balfour and Associate Commissioners Carr and Elkort then joined in an expression of appreciation for Associate Commissioner Settles's efforts in furthering the goals, the policies, and the responsibilities of the Metropolitan District Commission, and wished him continued success in all his future endeavors.

(Total to Date - \$24,950.00)
(Contract Administration Rating - 85 on a scale of 1 to 100)
(EEO Compliance - 4.20 on a scale of 1 to 5)The Commission V O T E D: that the work of Jay-Mor Enterprises, Inc., Contractor under Contract No. P98-1953-C1A, be and hereby is accepted as completed as of April 23, 1999.
The Commission further V O T E D: to approve Estimate No. 1

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document further states that regular audits are necessary to verify the accuracy of these records and to identify any discrepancies or errors. It also mentions that proper record-keeping is essential for tax purposes and for providing a clear history of the company's financial performance.

In the second part, the focus shifts to the management of cash flow. It highlights the need to monitor the inflow and outflow of cash on a daily basis to avoid liquidity issues. The document suggests implementing a system of budgeting and forecasting to anticipate future cash requirements and to plan accordingly. It also advises on the importance of timely payments to suppliers and creditors to maintain good relationships and to avoid penalties or interest charges.

The third section addresses the issue of inventory control. It explains that maintaining an accurate inventory is crucial for determining the cost of goods sold and for managing stock levels. The document recommends using a first-in, first-out (FIFO) method for valuing inventory and suggests conducting regular physical counts to reconcile the recorded inventory with the actual stock on hand. It also notes that proper inventory management can help reduce waste and improve operational efficiency.

Finally, the document concludes with a summary of the key points discussed. It reiterates the importance of accurate record-keeping, effective cash flow management, and proper inventory control. It encourages the reader to implement these practices consistently to ensure the financial health and success of the organization. The document is signed by the author and dated.

(Final), in the amount of \$23,702.50, for payment.
The Commission further V O T E D: to approve release of reserve,
in the amount of \$1,247.50, for payment.

Total - \$39,535.91

Funding from Account No. 2440-8950.

In response to a question by Associate Commissioner Elkort, Mr. Terzian responded that Extra Work Order No. 8, was for repairs to damage caused by a contractor's barge using the locks to transport material needed for the Central Artery project. Associate Commissioner Elkort then asked if the MDC was pursuing reimbursement of the cost of the damage.

Mr. McDonald stated that he was not sure. However, he would confer with the General Counsel concerning the matter.

Associate Commissioner Carr then spoke of his concern regarding an ever increasing number of engineering items arriving for Commission ratification after action had already been taken by the Division. Associate Commissioner Carr noted that some of the extra work included in this recommendation was done in March of 1999 and approval and ratification was not requested until June 11, 1999. He stated that in his opinion this is an unhealthy trend. He also expressed concern regarding the number of late agenda items which the Commission does not get to review until the morning of the Commission meeting. This, he noted, does not afford sufficient time for reviewing items. In addition, he noted, Contracts are placed on the Commission agenda for execution and in many instances do not arrive in time for full

Commission execution and therefore, requests are made to authorize the Commissioner to sign the documents on behalf of the Commission.

At this point, Mr. Terzian explained that the delay in processing the Extra Work Orders was due to problems in processing the financial pink sheets.

Associate Commission Carr then noted that he was not focusing in on this agenda item in particular, but the trend in general.

The Commission V O T E D: to ratify the action of Deputy Commissioner Faucher which resulted in Extra Work Order Nos. 6, 7, 8, 9, 10, 11 and 12, on Contract No. P98-1940-C1A.

The Commission further V O T E D: to approve Extra Work Order No. 6, in the amount of \$6,408.47.

The Commission further V O T E D: to approve Extra Work Order No. 7, in the amount of \$8,000.00.

The Commission further V O T E D: to approve Extra Work Order No. 8, in the amount of \$7,000.00.

The Commission further V O T E D: to approve Extra Work Order No. 9, in the amount of \$2,803.02.

The Commission further V O T E D: to approve Extra Work Order No. 10, in the amount of \$2,204.27.

The Commission further V O T E D: to approve Extra Work Order No. 11, in the amount of \$1,825.33.

The Commission further V O T E D: to approve Extra Work Order No. 12, in the amount of \$11,294.82.

1. Report of Messrs. Faucher, Brooks and Abounaja, June 3, recommending ratification of the action of Deputy Commissioner Faucher resulting in the following on Contract No. P97-1898-C1A, with RHD Construction Co., Inc., for Unquity Road Landfill Closure, Milton -

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present. The author then proceeds to a detailed examination of the various factors which have shaped the development of the United States. These factors include the influence of the European settlers, the role of the Native Americans, and the impact of the American Revolution. The author also discusses the role of the federal government in the development of the country, and the importance of the Constitution. The paper concludes by emphasizing the need for a continued study of the history of the United States, and the importance of preserving the values and traditions of the country.

The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present. The author then proceeds to discuss the various factors which have shaped the development of the United States, including the influence of the European settlers, the Native Americans, and the African slaves. The paper concludes by emphasizing the need for a balanced and objective approach to the study of history.

The second part of the paper is a critical analysis of the various theories of the development of the United States. It is argued that the dominant theory, which views the United States as a product of the European settlers, is flawed. The author then presents an alternative theory, which views the United States as a product of the interaction of the various ethnic groups. This theory is supported by a number of examples from the history of the United States.

The third part of the paper is a discussion of the role of the United States in the world. It is argued that the United States has a unique role to play in the world, and that it is essential for the United States to maintain its leadership. The author then discusses the various challenges which the United States faces in the world, and offers some suggestions for how these challenges can be met. The paper concludes by emphasizing the need for a strong and united United States.

ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, June 24, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 15 of the Acts of 1996, and Sections 33 and 79 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for park and reservation and protection of open space purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Dorchester District of the City of Boston in the County of Suffolk and Commonwealth of Massachusetts, namely:

A certain parcel of upland and flats located at 62R Hill Top Street, lying on the southeasterly side of the former Dorchester & Milton Branch of the Old Colony Railroad, previously leased to the New York New Haven & Hartford Railroad, formerly of the Consolidated Rail Corporation and now of the Commonwealth of Massachusetts, acting by and through its Metropolitan District Commission, said parcel lying between the former railroad location and the northerly line of the Neponset River Channel and being shown as Parcel 2 upon a recorded plan cited below at the conclusion of this description, more particularly bounded and described as follows:

Beginning at a point in the southeasterly line of the Dorchester & Milton Branch of the Old Colony Railroad, now land of the Commonwealth of Massachusetts, MDC, and at land formerly of Keystone Manufacturing Co., now or formerly of Keystone Apartments Co. LPS, said point being at the

northernmost corner of the parcel herein being described,
thence running;

SOUTHERLY 380 feet, more or less, by land now or formerly of
Keystone Apartments Co. LPS, to a point in the northerly
line of the Neponset River Channel, thence turning and
running;

WESTERLY 125 feet, more or less, along the northerly line of
said Channel to a point at a corner of land, now or
formerly, of Richard A. Johnson, Trustee of C&J Realty
Trust, which abutting land is shown as Parcel 1 upon the
plan referenced below, thence turning and running;

NORTHERLY 160 feet, more or less, along said Parcel 1 to a
point, thence turning and running;

NORTHWESTERLY 53.33 feet, more or less, along said Parcel
1, thence turning and running;

SOUTHWESTERLY 33.12 feet, more or less, along said Parcel 1,
to a point in the southeasterly line of the former
Dorchester & Milton Branch of the Old Colony Railroad, being
at the southwesterly corner of the parcel herein being
described, thence turning and running;

NORTHEASTERLY 354.85 feet, along the former railroad line,
to the point of beginning.

Containing 54,200 square feet, more or less, as shown as
Parcel 2 upon a plan entitled "Plan of Land In Dorchester,
Mass. owned by Bessie E. Williams Showing Proposed
Subdivision and Right of Way", compiled from plans and
survey by George H. McKay Civil Engineer, dated February 21,
1944, which plan is recorded with Suffolk County Registry of
Deeds in Deed Book 6116 at Page 403.

The above described premises are further identified as a
subdivision of the northeasterly portions of Lots "A", "B",
and "C" shown upon a plan entitled "New Plan of Land of The
Dorchester Homestead Land Association on Cushing Hill
Dorchester", dated Boston December 21, 1914, prepared by
William E. Hannan, C.E., which plan is recorded with said
Deeds at the end of Book 4120.

ALSO meaning and intending to take hereby all appurtenant rights running with the above described premises, specifically including, but not necessarily limited to, the following rights:

The right to use forever, in common with others, the area from Hilltop Street to the Dorchester & Milton Branch of the Old Colony Railroad marked "Right of Way" on said McKay plan dated February 21, 1944, for the purpose of passage on foot or vehicle, and for the purpose of laying and maintaining water and sewer lines from Hilltop Street to the premises described herein, said right of way being bounded and described as follows:

NORTHWESTERLY 18.94 feet, by Hilltop Street;
NORTHEASTERLY 124.82 feet, by part of Parcel 3, as shown on said plan;
SOUTHEASTERLY 16.89 feet, by the northwesterly line of the Dorchester & Milton Branch of the Old Colony Railroad; and
SOUTHWESTERLY 129.53 feet, by the remaining portion of said Parcel 3.

The right to forever maintain two poles as now located on Parcel 3, on said plan, for the purpose of carrying wires to supply electricity and telephone to the premises described herein; together with the right to enter upon said Parcel 3 for the purpose of maintaining such poles and servicing the telephone and electric wiring from Hilltop Street to the premises taken herein.

The right in and to a certain easement granted to Melvin M. Myers et al by New England Cut Stone Company, Inc. in an instrument dated December 2, 1982, recorded with said Deeds at Book 10142, Page 34. This easement being a twenty (20) foot wide permanent easement for passage by foot and vehicular traffic from Granite Avenue, across the intervening parcels of land located at #170, #172R, and #174R Granite Avenue, being, now or formerly, property of Richard A Johnson, Trustee of C&J Realty Trust u/d/t, which easement is shown as a driveway upon a plan of land, Boston, Massachusetts (Dorchester District) dated August 23, 1958, prepared by A.A. Minichiello, Civil Engineer. It is noted and acknowledged that the owner(s) of the land encumbered by this easement has or have to right to relocate it, but also the obligation to maintain it as well.

The above described premises at 62R Hilltop Street taken hereby, are designated on the Tax Roll of the City of Boston as Parcel 16/04325/000, which is depicted upon Assessors Plan Ward 16 Plan 16083.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any fee and any other interest in the Neponset River which may be held by the supposed owner as a result of its ownership of the above described property, and being the same premises described in a deed dated January 3, 1997, from Joseph F. Schlager to SBD Corporation, a Massachusetts corporation, recorded with Suffolk County Registry of Deeds in Book 21457, Page 182.

The Commission expressly grants the supposed owner, SBD Corporation, the right to remain on the above premises for a period of eight (8) months from the date of the recording of this order, in order to allow a phased relocation of its business from the premises, and hereby authorizes the appropriate staff to attempt to coordinate the temporary use of another parcels or parcels which may be surplus to the needs of other state agencies in regard to this relocation effort.

The Commission hereby declares it necessary to withhold a portion of the pro tanto amount listed below, in the sum of \$ 175,000.00, which sum shall be utilized by the Commission or by the supposed owner, as required, to fund the environmental remediation required on the premises in accordance with and to the extent required by regulations promulgated by the state Department of Environmental Protection, with any monies remaining following the completion of such required remediation to be delivered to the supposed owner of record.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said lands, and excluding all easements of record on, over, under, across and through said land.

The concurrence of the Park and Recreation Commissioners of the City of Boston, pursuant to section 79 of Chapter 92 of the General Laws, as amended, is attached hereto and made a part hereof.

The Commission awards damages sustained by the supposed owner of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNER</u>	<u>AWARD</u>
SDB Corporation	\$ 1,455,000

Report of Mr. Gray, June 21, recommending that the Commission adopt an order of taking for acquisition of approximately 2.396 acres of land owned by Richard A. ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, June 24, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Section 15 of the Acts of 1996, and Sections 33 and 79 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for park and reservation and protection of open space purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Dorchester District of the City of Boston in the County of Suffolk and Commonwealth of Massachusetts, namely:

Three certain contiguous parcels of land lying on the eatherly side of a state highway, at 170, 172R, and 174R Granite Avenue, formerly Granite Bridge Road, and on the northerly edge of the channel of the Neponset River, between said river and what was the Dorchester & Milton Branch of the Old Colony Railroad, formerly leased to the New York, New Haven & Hartford Railroad, and formerly later held by the Consolidated Rail Corporation and now of the Commonwealth of Massachusetts, Metropolitan District Commission, said parcels containing 100,000 square feet of land, more or less, according to prior deed description, and being more particularly bounded and described as follows:

Parcel #1

A certain parcel of upland and flats, located at 174R Granite Avenue, containing about 32,000 square feet, being the northeasternmost of the three adjoining parcels being described herein, more particularly bounded and described as follows:

Beginning at a point at the northwesterly corner of the parcel herein being described, said point being in the southeasterly line of the former Dorchester and Milton Branch Line of the Old Colony Railroad, now land of the Commonwealth of Massachusetts, MDC, and in the northeasterly line of land, formerly of Marks Angel, later of the Dorchester Cement Stone Company, subsequently of Dealer's Ice & Oil Co. Inc., and still later of New England Cut Stone, Inc., now held by the supposed owner named below, and described herein as Parcel #3, thence running;

NORTHEASTERLY 144.65 feet, more or less, by the former railroad to a point at a corner of land, now or formerly of SDB Corporation, and thence turning and running;

EASTERLY at an angle of $138^{\circ} 49'$, 33.12 feet, more or less, to a point, thence turning and running;

SOUTHEASTERLY 53.33 feet, more or less, to a point, thence turning and running;

SOUTHERLY at an angle of $146^{\circ} 38'$, 160 feet, more or less, to a point on the northerly line of the channel of the Neponset River, the last three courses being by land now or formerly of SDB Corporation, thence turning and running;

WESTERLY along said northerly line of said Channel, 125 feet, more or less, to a point at the southernmost corner of the parcel herein being described, and at the easternmost corner of Parcel #3, as described below, thence turning and running;

NORTHWESTERLY 114 feet, more or less, by Parcel #3 to the point of beginning.

The above described parcel is shown as Parcel 1, with an area of 32,000 square feet, upon a plan entitled "Plan Of Land in Dorchester, Mass. owned By Bessie E. Williams Showing Proposed Subdivision and Right of Way," dated February 21, 1944, being a plan compiled from plans and survey by George H. McKay, C.E., which plan is recorded with Suffolk County Registry of Deeds, in Deed Book 6116, Page 403.

Parcel #1 is further identified as a subdivision of the southwesterly portions of Lots "A", "B", and "C" shown upon a plan entitled "New Plan of Land of The Dorchester Homestead Land Association on Cushing Hill Dorchester," dated Boston December 21, 1914, prepared by William E. Hannan, C.E., which plan is recorded with said Deeds at the end of Book 4120.

Parcel #2

A certain parcel of upland and flats situated on the easterly side of Granite Avenue, at 170 Granite Avenue, being the southwesternmost of the three contiguous parcels herein being described, more particularly bounded and described as follows:

Beginning at the southernmost corner of the parcel herein being described, at the point of intersection of the northerly line of the Neponset River Channel with the easterly line of Granite Avenue, thence running;

NORTHWESTERLY by Granite Avenue, about 118.04 feet, more or less, to the point of intersection between the easterly line of Granite Avenue and the southeasterly line of the Former Dorchester & Milton Branch of the Old Colony Railroad, thence turning and running;

NORTHEASTERLY by the former location of the Dorchester & Milton Branch of the Old Colony Railroad, which was operated by the New York, New Haven & Hartford Railroad, about 325.50 feet, more or less, to a point at the westernmost corner of Parcel #3, as described below, thence turning and running;

SOUTHEASTERLY about 133.42 feet, more or less, by the southwesterly line of Parcel #3, to a point in the northerly Line of the Channel of the Neponset River, and thence turning;

SOUTHWESTERLY by the northerly line of the Neponset River Channel, about 304.32 feet, more or less, to the point of beginning at the easterly line of Granite Street.

EXCEPTING AND EXCLUDING from the above described premises, a parcel of 1425 square feet, more or less, taken for the widening and improvement of Granite Street by the Commonwealth of Massachusetts, Department of Public Works, in an order of taking dated August 26, 1958, Layout No. 4727, Parcel No. 5, then owned by New England Cut Stone Company, Inc., this instrument of taking being recorded with said Deeds in Book 7337, Page 119. The accompanying two-sheet Taking Plan entitled "The Commonwealth of Massachusetts, Plan of Road in the City of Boston, Suffolk County, Laid Out as a State Highway by the Department of Public Works," dated August 26, 1958, and signed by the Chief Engineer, is recorded in Book 7337, Page 119.

Parcel #2 prior to the aforesaid taking by the Department of Public Works, was supposed to contain, according to prior deed description, 39,465 square feet of upland and flats. The remaining portion of this Parcel #2, meaning and intending to be taken herein and hereby, is calculated to contain 38,040 square feet, more or less.

Parcel #3

A certain parcel of upland and flats located at 172R Granite Avenue, lying between the two parcels above described as Parcels #1 and #2, more particularly bounded and described as follows:

Beginning at the northwesterly corner of the parcel herein being described, at a point in the southeasterly line of the former Dorchester & Milton Branch of the Old Colony Railroad, said point being at the northernmost corner of Parcel #2, as described above, thence running;

Vol.64,p.187
3897th
June 24,1999
(con.-)

NORTHEASTERLY 276.56 feet, more or less, by the former railroad line to a point in a corner of the railroad layout, said point being at the northernmost corner of this parcel, and thence turning and running;

SOUTHEASTERLY 138 feet, more or less, partially by the railroad layout but mostly by land formerly of Thomas F. Reddy, now of the supposed owner listed below, being Parcel #1 as described above, to a point in the northerly line of the Neponset River Channel, thence turning and running;

SOUTHWESTERLY 282 feet, more or less, by the northerly line of the Neponset River Channel, to a point at the southernmost corner of the parcel herein being described, being also at the northeasterly corner of Parcel #2, as above described, thence turning and running;

NORTHWESTERLY 114 feet, more or less, by the northeasterly line of Parcel #2, as above described, to the point of beginning.

Parcel #3 as described above is shown as Lot 173, a parcel of 34,370 square feet, upon a plan entitled "Adams Park Plan of Lots in Dorchester belonging to Edward Hood Bonelli," dated Boston March 30, 1905, prepared by Richmond P. Souther Surveyor, with revisions made by W.A. Mason & Son, Surveyors, Cambridgeport, in October 1907, which plan is recorded with said Deeds at the end of Book 3226.

It is noted that in the current deed referenced below describing the premises taken hereby, the subject premises is listed as the "Fourth Parcel." The description set forth for this "Fourth Parcel" is comprised of a two-course description of the boundary line between the former Dorchester & Milton Branch of the Old Colony Railroad, and Parcel 2 and 3 described above. This boundary agreement is among the Old Colony R.R. Co., the NY, NH & H R.R., and the Dorchester Cement Stone Company, and is recorded with said Deeds on July 2, 1928 in Book 5017, Page 581. This "Fourth Parcel" is shown upon a plan entitled "New York New Haven and Hartford Railroad, Real Estate and Right of Way Department, Boston, Mass., Southerly R.R. Property Line Easterly of Granite Ave.," dated March 1928, signed by Ivan A. Chisholm, C.E., which plan is recorded with said Deeds in Book 5017, Page 581, and is described as follows:

"Said division line runs from Granite Avenue on the west in a northeasterly direction, parallel to and twenty and twenty-five hundreds (20.25) feet distant southeasterly from the monumented base line of the grantors' railroad known as Milton Branch, measured at right angles thereto, to a line on the east, which line begins at a point twenty and twenty-five hundredths (20.25) feet distant southeasterly from said base line measured at right angles thereto, at Station 47+09.24 and thence runs southeasterly to a point distant thirty-three (33) feet southeasterly from said base line, measured at right angles thereto at Station 47+10.02."

All lands northwesterly and northeasterly of the division line were conveyed to the railroad(s), and all lands southeasterly and southwesterly of the division line were conveyed to the Dorchester Cement Stone Company. There were no calculated areas of land transferred.

From an inspection of the public record there is no discernable area to be assigned to this "Fourth Parcel" and it is therefore assumed that this agreement affirmed the existing property line.

THE TOTAL AREA of the three above described parcels taken hereby hereby is calculated by prior deed and plan description to be 104,410 square feet, more or less, of upland and flats, or 2.396 acres, more or less.

The above described parcels are carried on the Tax Rolls of the City of Boston as 16/04322/000; 16/04323/000; and 16/04324/000, shown upon Assessors Plan-Ward 16-Plan 16083.

ALSO meaning and intending to take hereby all appurtenant rights running with the above described premises, specifically including, but not necessarily limited to, the following rights:

The right to use forever, in common with others, the area from Hill Top Street to the Milton Branch of the Old Colony Railroad marked "RIGHT OF WAY" on the plan dated February 21, 1944, above referenced in the description of Parcel #1, for the purpose of passage on foot or vehicle, and for the purposes of laying and maintaining water and sewer lines from Hill Top Street to the premises above described as

Parcel #1, said right of way being bounded and described as follows:

NORTHWESTERLY by Hill Top Street, 18.94 feet;

NORTHEASTERLY by Part of Parcel #3, 124.82 feet (a parcel of 36,300 square feet of land, formerly of Bessie E. Williams, comprising Lots 222 through 229 inclusive of the lots set off by the Dorchester Homestead Land Association on Cushing Hill Dorchester);

SOUTHEASTERLY by the northeasterly side line of the Milton Branch of the Old Colony Railroad, 16.89 feet; and

SOUTHEASTERLY by the remaining portion of Parcel #3, 129.53 feet.

Also the right to use forever, in common with others, for the purpose of passage on foot or vehicle and for the purpose of laying and maintaining water and sewer lines to the premises above described as Parcel #1, a triangular piece of land lying northerly of Parcel #1, being land, now or formerly, of SBD Corporation, bounded and described as follows:

SOUTHERLY by Parcel #1, 33.12 feet;

NORTHEASTERLY by Parcel #2 (now or formerly, of SBD Corp.) 22 feet;

NORTHWESTERLY by the northeasterly side line of the Milton Branch of the Old Colony Railroad, 22 feet.

Also the right to maintain forever two poles, as now located on Parcel #3 on said plan for the purposes of carrying wires to supply electricity to Parcel #1, and the right to enter upon said Parcel #3 for the purpose of maintaining such poles and of servicing the electric wiring from Hill Top Street to Parcel #1.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any and all fee interest in Granite Avenue and/or the Neponset River which may be held by the supposed owner as a result of his ownership of the above described property, and being the same premises described in a deed dated May 15, 1986, from T-Equipment Corporation of Dorchester to John A. Jakutis, Trustee of C&J Realty Trust, recorded with Suffolk County Registry of Deeds in Book 12499, Page 274. See the Declaration of Nominee Trust for C&J Nominee Trust dated November 29, 1985, recorded with said Deeds in Book 12499, Page 267. Note that the replacement and current trustee of C&J Realty Trust is Richard A. Johnson, as appointed in the document entitled Resignation of Trustee and Appointment of Successor Trustee, dated December 23, 1986 and recorded with said Deeds in Book 13951, Page 33.

The Commission hereby declares it necessary to withhold a portion of the pro tanto amount listed below, in the sum of \$ 260,000.00, which sum shall be utilized by the Commission or by the supposed owner, as required, to fund the environmental remediation required on the premises in accordance with and to the extent required by regulations promulgated by the state Department of Environmental Protection, with any monies remaining following the completion of such required remediation to be delivered to the supposed owner of record.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said lands, and excluding all easements of record on, over, under, across and through said land.

Report of Messrs. French and Gray, June 23, recommending that the Commission authorize the use of the existing parking lot currently being utilized by Arthur D. Little, Inc., on MDC property located in the City of Cambridge and Town of Arlington and within the MDC Alewife Brook Reservation, by AP Cambridge Partners LLC, as purchaser of the adjacent privately-held property, by means of an MDC Permit. This MDC permit shall allow the use of this parking lot solely for parking purposes, for a term not to exceed five (5) years from the effective date of July 24, 1999.

Messrs. French and Gray, further recommend that this MDC permit shall also expressly include and incorporate the following conditions: i. The permittee shall assume the full and sole costs of maintaining the parking lot and the immediately adjacent MDC property, including landscaping and other appropriate tasks; ii. The permittee shall commit to phased and considered redevelopment process and plan; iii. The permittee shall commit to funding an independent real estate appraisal by an appraiser selected by the MDC, to establish appropriate permit payments, and to the payment of such permit fees as determined by that appraiser; and iv. The permittee shall commit to funding the reclamation and restoration of the parking lot area once the permitted use of that area has been terminated.

At this point, Commissioner Balfour recognized a group in attendance concerning the matter of the parking lot currently being utilized by Arthur D. Little, Inc., on MDC property, located in Cambridge and Arlington. It was also noted that letters were received from Representative Alice K. Wolf, Cambridge City Councilor Katherine Triantafillou and Lew Weitzman of the Coalition for Alewife concerning the matter and requesting that no action be taken at this time regarding the parking area. It was further noted that three telephone calls were received in the Secretary's Office in opposition to renewal of the Permit. Commissioner Balfour then offered anyone in attendance an opportunity to address the Commission and state their opinion concerning the matter.

Peter Cignette, representing Alewife Neighbors, Inc., spoke of the problems he and neighbors are having with flooded basements caused by the Parking Lot. He felt that this was an opportunity for the MDC to reclaim the parking lot and return it to its original state. He then suggested that the Commission conduct a public hearing with concerned citizens of Belmont, Arlington and Cambridge, prior to Commission moving forward with the continued use of the area for parking purposes.

Marilyn Wellons of the Coalition for Alewife spoke of Condition No. iv, as recommended by Messrs. Gray and French, which states, "The permittee shall commit to funding the reclamation and restoration of the parking lot area once the permitted use of that area has been terminated". She asked that the Commission terminate the Permit now.

Aram Hollman of the Alewife Study Group and Alewife Coalition spoke and asked that the use of the area as a parking lot be ended and that the area be reclaimed as wetlands. He then pointed out that construction in the area has resulted in homes being flooded. Mr. Hollman then presented a map of the vicinity

which outlined flood related problems of area residents. Julia Bowdoin of the Cambridge Conservation Commission spoke of her concerns with the continued use of the area for parking, because, she noted, it lies within the 100-year flood plain. Dan Geer, Co-Chairman of the Coalition for Alewife, noted that he has been negotiating with Arthur D. Little Inc., for the past five years regarding the possibility of using a different site for parking purposes. Mr. Geer then stated that he felt prolonging the use is improper and it is now time to develop an alternate parking site. He stated that if the new owner continues to utilize the parking area they would be starting off on the wrong foot with area residents.

Carolyn Mieth of the Coalition for Alewife and Vice Chair of Planning for the Cambridge Conservation Commission, asked that the Commission reject the request and conduct a complete legal review and conduct a Public Hearing. She noted that the area is in an urban wild setting and water recharge location.

She stated that the parking area is an a wetland and 100-year flood plain and should now be restored to its original condition.

Mrs. Mieth then noted that Article 97 prohibits the use of parkland for any purpose except parks or open space.

Ralph Yoder of the Coalition for Alewife stated that the area falls within a wildlife corridor and the Commission should consider removing the parking area and returning it to a wildlife area.

Sheila Cook of the Coalition for Alewife and Green Space Alliance stated that it would not be fair to the residents of the area to continue to use the parking area for an additional five years. She then noted that there is a shortage of park land and its time to give priority to citizens rather than public interests.

Stash Horowitz, President of the Cambridge Neighborhood Association, expressed his concern with the process and noted that he did not find out that the matter was on today's agenda until last evening.

He then questioned Item No. iv in the request from Messrs. French and Gray, which stated 'The permittee shall commit to funding the reclamation and restoration of the parking lot area once the permitted use of that area has been terminated'. He then asked if this meant the Permit will expire at the end of five years. Mr. Horowitz then questioned Item No. iii, concerning funding of an independent real estate appraiser, to establish Permit payments.

Mr. Horowitz then spoke of Article 97, which created a requirement for 2/3rds vote of approval by the Legislature for non-public use of public land. He then asked that the Commission obtain a legal opinion from the MDC General Counsel and the Attorney General's Office concerning the use of the land for parking by private companies, prior to any further action. He then asked that the Commission to hold a public hearing regarding the matter with due notice being given to interested parties. Representative Wolf referred to her letter of June 23, 1999 to the Commissions and asked that the Commission defer any action until an opinion is received from MDC Legal Counsel and the Attorney General's Office concerning Article 97.

At this point, Associate Commissioner Carr stated that there

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the paper focuses on the importance of regular communication and collaboration between all team members. It is crucial for everyone to stay informed about the latest developments and to be able to provide input and feedback. This will help to ensure that the company is always moving forward in a positive and productive direction.

The third part of the paper discusses the importance of maintaining a high level of transparency and accountability. This means that all team members should be able to see and understand the results of their work, and that they should be held responsible for their actions. This will help to build trust and confidence within the team, and will also ensure that the company is always operating at the highest level of efficiency.

The fourth part of the paper focuses on the importance of maintaining a strong and consistent brand identity. This means that all team members should be able to recognize and understand the company's values, mission, and vision. This will help to ensure that the company is always presenting a unified and professional image to the outside world.

The fifth part of the paper discusses the importance of maintaining a high level of customer satisfaction. This means that all team members should be able to provide excellent service to all customers, and that they should be able to resolve any issues or complaints quickly and effectively. This will help to build a strong and loyal customer base, and will also ensure that the company is always operating at the highest level of efficiency.

The sixth part of the paper focuses on the importance of maintaining a strong and consistent financial record. This means that all team members should be able to understand and manage the company's finances, and that they should be able to provide accurate and reliable information to all stakeholders. This will help to ensure that the company is always operating at the highest level of financial stability.

The seventh part of the paper discusses the importance of maintaining a high level of innovation and creativity. This means that all team members should be able to think outside the box and come up with new and innovative ideas. This will help to ensure that the company is always staying ahead of the competition, and will also ensure that the company is always operating at the highest level of efficiency.

The eighth part of the paper focuses on the importance of maintaining a strong and consistent team culture. This means that all team members should be able to work together in a positive and productive manner, and that they should be able to support and encourage each other. This will help to build a strong and cohesive team, and will also ensure that the company is always operating at the highest level of efficiency.

The ninth part of the paper discusses the importance of maintaining a high level of flexibility and adaptability. This means that all team members should be able to respond quickly and effectively to any changes or challenges that may arise. This will help to ensure that the company is always able to stay on top of the latest trends and developments, and will also ensure that the company is always operating at the highest level of efficiency.

The tenth part of the paper focuses on the importance of maintaining a strong and consistent leadership team. This means that all team members should be able to look up to their leaders and feel inspired and motivated. This will help to ensure that the company is always moving forward in a positive and productive direction, and will also ensure that the company is always operating at the highest level of efficiency.

could be a misconception concerning the matter. He pointed out that the word lease of the parking area is being used in some instances where it is actually a Permit.

Mr. Gray noted that the permit, if issued, would be for non-exclusive use of the parking area and would be revocable by the Commission.

It was suggested that a condition to the Permit include language committing the permittee to agree to not seek legislative authorization to lease or otherwise obtain rights to the parking lot.

Mr. Horowitz requested a public hearing be held and a full legal review commence prior to the Commission approving and executing the Permit.

Representative Wolf suggested excluding the parking area at this time from the property under negotiation between Arthur D. Little, Inc., and AP Cambridge Partners LLC.

Associate Commissioner Elkort noted that any fees collected by the MDC from Arthur D. Little, Inc., and any other permittee are deposited directly into the General Fund and suggested that Representative Wolf could be of help in securing legislation authorizing the use of these fees for the Alewife Reservation directly.

Associate Commissioner Carr noted that the MDC routinely issues permits on an annual basis and that the period of this Permit shall not exceed five years.

At this point Associate Commissioner Carr made a motion that the Commission authorize issuance of a Permit subject to public hearings to include interested residents of the surrounding communities.

Associate Commissioner Carr further recommended that agency staff and concerned citizens work together to develop draft terms and conditions for the Permit.

The Commission requested a complete legal review be performed prior to execution of the Permit by the Commission.

The Commission V O T E D: to authorize issuance of a parking Permit for a period not to exceed five years, expressly including and incorporating the four conditions set forth by Messrs. French and Gray, and subject further to the requirements that the MDC hold Public Hearings to include residents of the surrounding communities, and complete a legal review, to ensure that all applicable laws are complied with prior to the request for execution of the Permit by the Commission.

The Commission V O T E D: Approved as recommended by Messrs. Faucher and Jackson in their report of June 21, 1999.

7. Report of Messrs. Faucher and Jackson, June 16, requesting approval of the action of Deputy Commissioner Faucher resulting

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations

which are satisfied by the functions $u_i(x, y, z)$ and $v_i(x, y, z)$ in the domain D of the space E_3 bounded by the surface S .

2. In the second part of the paper the author considers the case when the functions u_i and v_i are assumed to be continuous in the domain D and to satisfy the boundary conditions

on the surface S . It is shown that in this case the system of equations has a unique solution.

3. In the third part of the paper the author considers the case when the functions u_i and v_i are assumed to be continuous in the domain D and to satisfy the boundary conditions

on the surface S . It is shown that in this case the system of equations has a unique solution.

4. In the fourth part of the paper the author considers the case when the functions u_i and v_i are assumed to be continuous in the domain D and to satisfy the boundary conditions

on the surface S . It is shown that in this case the system of equations has a unique solution.

5. In the fifth part of the paper the author considers the case when the functions u_i and v_i are assumed to be continuous in the domain D and to satisfy the boundary conditions

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The document then moves on to discuss the various methods used to collect and analyze this data, highlighting the role of technology in streamlining the process. It notes that while manual entry was once the norm, modern accounting systems now allow for real-time tracking and reporting, which is crucial for making informed business decisions. The final section of the document provides a summary of the key findings and offers recommendations for future improvements. It suggests that regular audits and updates to the accounting system are essential to keep the records accurate and relevant. Overall, the document serves as a comprehensive guide for anyone looking to optimize their financial record-keeping practices.

Account No. 2420-8936.
The Commission V O T E D: to adopt an Order of Taking for acquisition of approximately 8.10 acres of land owned by Baldarelli Brothers, Inc., located in the Town of West Boylston, Massachusetts.

ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, August 5, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 36 of the Acts of 1992, and Section 117 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for watershed preservation, protection and operation purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Town of West Boylston in the County of Worcester and Commonwealth of Massachusetts, namely:

A certain parcel of land lying off of the easterly side of Shrewsbury Street, and adjacent to the easterly line of the railbed of the Boston & Maine Railroad, more particularly bounded and described as follows:

Beginning at the southwesterly corner of the parcel herein being described, said point being also the northwesterly corner of a parcel of land, now or formerly, of John W. Lund, described in a conveyance from the County of Worcester, dated November 1, 1960, and recorded with Worcester District Registry of Deeds, in Book 4164, Page 506;

Thence Northerly, by the easterly line of the railbed of the Boston & Maine Railroad, one thousand sixty-four (1,064) feet, more or less, to a point at land, formerly of one Wickstrom, now or formerly, of Shell Oil Company;

Thence S. 84° 54' E., by land, now or formerly, of Shell, three hundred (300) feet, more or less, to a point at land, now or formerly, of New England Power Company;

Thence S. 08° 49' 40" W., by land, now or formerly, of New England Power Company, nine hundred seventy-three (973) feet, more or less, to a point at land, now or formerly, of John W. Lund;

Thence S. 87° 43' 10" W., by land, now or formerly, of Lund, four hundred fifty-eight (458) feet, more or less, to the point and place of beginning.

The above described parcel is estimated to contain eight acres, more or less, by prior deed description, and by estimation to contain approximately 8.1 acres.

Also expressly taken herein is a right of way from Shrewsbury Street to the above described parcel of land, across land, now or formerly, of Lund, for the purpose of passing and repassing on foot and with vehicles, and to use the same for any other public street purpose, including the installation and maintenance of streets and utilities. The said right of way is the same as that reserved by the County Commissioners of the County of Worcester in an instrument dated November 1, 1960 and recorded with said Deeds in Book 4164, Page 506.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and being the same premises described in a deed from the County of Worcester to Baldarelli Brothers, Inc., dated November 1, 1960 and recorded with Worcester District Registry of Deeds in Book 4930, Page 64.

The above described property is represented upon West Boylston Assessors Tax Map 172 as Parcel 19.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said land, and excluding all easements of record on, over, under, across and through said land.

The Commission awards damages sustained by the supposed owner of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNER</u>	<u>AWARD</u>
Baldarelli Brothers, Inc.	\$ 130,000.00

The Commission further V O T E D: to approve an award of damages in the amount of \$130,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the specific procedures and protocols that must be followed when conducting financial transactions. It details the steps for approval, execution, and documentation of these transactions.

3. The third part of the document provides a comprehensive overview of the organization's financial statements, including the balance sheet, income statement, and cash flow statement. It explains how these statements are prepared and how they are used to assess the organization's financial health.

4. The fourth part of the document discusses the role of the internal audit function in monitoring and evaluating the organization's financial controls. It describes the scope of the internal audit and the methods used to identify and address any weaknesses or deficiencies in the financial reporting process.

5. The fifth part of the document concludes with a summary of the key findings and recommendations from the internal audit. It highlights the areas where the organization's financial controls are strong and the areas where improvements are needed. It also provides a timeline for implementing the recommended changes.

1. Report of Mr. Gray, August 2, recommending that the Commission adopt an Order of Taking for acquisition of approximately 14.93 acres of land owned by Baldarelli Brothers, Inc., located in the Town of West Boylston, Massachusetts, and to approve an award of damages in the amount of \$60,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A. Containing 98.6 acres, more or less, as shown upon a plan entitled "Easement Plan Of Land In Leominster, Mass. Prepared For Paul DeMeo", dated June 15, 1999, prepared by Whitman & Bingham Associates, Inc., which plan is recorded with the Worcester Northern District Registry of Deeds at Plan Book 404 , as Plan 18.

The aforementioned parcel is supposed to be owned by the following owner:

<u>OWNER</u>	<u>RESTRICTION AREA TAKEN</u>
Paul DeMeo	98.6 acres ±

Meaning and intending to take hereby a watershed preservation restriction and conservation easement in, on and to the above premises, howsoever the same may be bounded and described, and being most of the same premises described in a deed from Henry Miller to Paul N. DeMeo, dated 13th, September 1994 and recorded with Worcester Northern District Registry of Deeds at Book 2633, Page 339. (Note the deed cited conveyed an undivided one half interest in the above described premises.) See also the Last Will and Testament of Albert E. Miller, Jr. as filed with Norfolk County Probate Court, Case No. 95PR2149-EP1, (d.o.d 2/2/95) through which the other undivided one half interest in the above described premises devised to the said Paul DeMeo.

The above described land, herein restricted, is represented upon Leominster Assessors Map 358 as most of Parcel 1.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all such rights, including easements, privileges and appurtenances of every name and nature as may be necessary to give full force, virtue and effect, in perpetuity, to the following restrictions on the use of the parcel of land hereinabove described.

1. No construction or placing of buildings or structures or parts thereof, or roads, ways, paths or portions thereof, shall be permitted on said premises.
2. No construction or placing of utilities or utility delivery systems, or portions thereof, shall be permitted.
3. The use of the above described premises, or any portion thereof, herein and hereby restricted, shall not be used to satisfy zoning requirements for development of any adjoining unrestricted land.
4. No septic systems or leach fields shall be permitted.
5. No excavation, dredging or removal of loam, peat, gravel, soil, rock or other mineral substance shall be permitted, except as needed to maintain the land.
6. No storage, stockpiling, or use of hazardous materials, petroleum products, pesticides and herbicides, manure and fertilizers, shall be permitted.
7. No tillage.
8. No grazing or sheltering of livestock or animals shall be permitted.
9. No commercial or public recreational use shall be permitted, and no motorized or vehicular recreational use by the landowners shall be permitted.
10. No commercial timber harvesting shall be permitted, unless such harvesting is in compliance with the Massachusetts Forest Cutting Practices Act (M.G.L. c. 132, as amended), and MDC Best Management Practices for Forest Management.
11. No other acts or uses detrimental to such watershed, as determined by the duly authorized representatives of said Commission, its successors or assigns or such other authority which shall for any time legally control or hold said restriction and easement.

The watershed preservation restriction and conservation easement hereby taken, grants the Commission, its successors and assigns, the right to enter upon the land hereinabove described at any time for the purpose of inspecting said land and enforcing the foregoing restrictions and remedying any violations of same, but does not grant the public any such rights. This right shall be in addition to any other remedies available to the Commission, its successors, assigns or other authority, for the enforcement of the foregoing restrictions and the remedying of any violations of same.

All other customary rights and privileges of ownership shall be retained by the owners, including the right to privacy.

The Commission awards damages sustained by the owners of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNER</u>	<u>AWARD</u>
Paul N. DeMeo	\$ 500,000.00

The Commission further V O T E D: to approve an award of damages in the amount of \$500,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.

The first part of the report discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the report focuses on the need for regular audits and reviews. By conducting these checks, the company can identify any discrepancies or errors in the records and take corrective action as soon as possible. This will help to maintain the integrity of the data and ensure that it is reliable for decision-making.

The third part of the report outlines the importance of having a backup system in place. This will ensure that all data is safely stored and can be recovered in the event of a disaster or system failure. It is crucial to have a plan in place for how to handle such situations to minimize any potential damage to the company's operations.

The fourth part of the report discusses the importance of having a clear and concise policy in place regarding the use of company resources. This will help to ensure that all employees are aware of the rules and regulations and are held accountable for their actions. It is essential to have a policy that is fair and reasonable, and that is enforced consistently across the entire organization.

The fifth part of the report focuses on the need for regular training and development for all employees. This will help to ensure that all staff are up-to-date on the latest industry trends and technologies, and that they have the skills and knowledge needed to perform their jobs effectively. It is crucial to invest in the growth and development of the company's workforce to ensure long-term success.

The sixth part of the report outlines the importance of having a clear and concise communication plan in place. This will help to ensure that all information is shared in a timely and effective manner, and that all employees are kept up-to-date on any changes or developments. It is essential to have a plan that is flexible and adaptable, and that can be used in a variety of situations.

The seventh part of the report discusses the importance of having a clear and concise financial plan in place. This will help to ensure that the company is able to manage its finances effectively and sustainably, and that it is able to meet its long-term goals. It is crucial to have a plan that is realistic and achievable, and that is based on a thorough understanding of the company's financial situation.

The eighth part of the report focuses on the need for regular monitoring and evaluation of the company's performance. This will help to ensure that the company is able to identify any areas for improvement and take corrective action as soon as possible. It is essential to have a system in place for how to collect and analyze data, and to have a plan for how to use this information to make decisions.

The ninth part of the report outlines the importance of having a clear and concise exit strategy in place. This will help to ensure that the company is able to manage any potential risks or challenges that may arise, and that it is able to continue to operate successfully in the long term. It is crucial to have a plan that is flexible and adaptable, and that can be used in a variety of situations.

(At no increase in Contract cost as the extra work will be offset by unused quantities in Item No. 003-020 - Rock Excavation).

The Commission V O T E D: to approve the action of Deputy Commissioner Faucher, which resulted in Extra Work Order No. 11, on Contract No. PL82-1022-C1A.

The Commission further V O T E D: to approve Extra Work Order No. 11, in the amount of \$463.50.

Action was taken upon the following Various Matter:

1. Report of Mrs. Davidge, July 30, requesting approval of an Amendment to Contract No. PL82-022-X3A, with Paul King Foundry, Inc., for Fabrication and Installation of Caste Bronze Panels in Paul Revere Park. The Amendment calls for an extension of time from July 5, 1999 to October 15, 1999.
(At no increase in Contract cost).
The Commission V O T E D: Approved.

Action was taken upon the following matters relating to the Office of General Counsel:

2. Report of Mr. Gray, August 9, recommending that the Commission adopt an Order of Taking for acquisition of approximately 5.5 acres of land owned by Helen E. Lawrence, located in the Town of Boylston, Massachusetts, and to approve an award of damages in the amount of \$85,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A. Account No. 2420-8936.
The Commission V O T E D: to adopt an Order of Taking for acquisition of approximately 5.5 acres of land owned by Helen E. Lawrence, located in the Town of Boylston, Massachusetts.
The Commission further V O T E D: to approve an award of damages in the amount of \$85,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

In the second section, the author outlines the various methods used to collect and analyze data. These methods include direct observation, interviews, and the use of specialized software tools. Each method is described in detail, highlighting its strengths and limitations.

The third part of the document focuses on the results of the data collection process. It presents a series of tables and graphs that illustrate the trends and patterns observed in the data. These visual aids are used to support the conclusions drawn from the analysis.

Finally, the document concludes with a summary of the findings and a discussion of their implications. It suggests that the data collected provides valuable insights into the behavior of the system being studied and offers recommendations for further research.

ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, August 12, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 36 of the Acts of 1992, and Section 117 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for watershed preservation, protection and operation purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Town of Boylston in the County of Worcester and Commonwealth of Massachusetts, namely:

A certain parcel of land lying on the easterly side of Cross Street and the northerly side of Linden Street, at their intersection, more particularly bounded and described as follows:

Thence N. 49° 31' 32" E., 514.05 feet, by the easterly line of Tract 3, to the first mentioned iron pin in the stone wall in the southwesterly line of Newell Hill Road, being the point and place of beginning.

Containing 125,018 square feet, or 2.870 acres, as shown as Tract 2 upon a plan entitled "Plan Of Land In Sterling, MA Surveyed For Sholan Realty, For Owner Of Record A.H. Suprenant, Jr.", dated January 29, 1992, prepared by Donald R. Para, R.P.L.S. New Braintree, MA, which plan is recorded with Worcester District Registry of Deeds as Plan 103 in Plan Book 656.

The aforementioned parcel is supposed to be owned by the following owner:

<u>OWNER</u>	<u>RESTRICTION AREA TAKEN</u>
R. Gary Griffin, Trustee of Sawyer Road Realty Trust,	125,018 square feet, or 2.87 acres

Meaning and intending to take hereby a watershed preservation restriction and conservation easement in, on and to the above premises, howsoever the same may be bounded and described, and being a portion of the premises described in a deed from Bradley P. Wilson, Trustee of Sterling Nominee Trust to himself, as Trustee of Sawyer Road Realty Trust, dated January 14, 1993 and recorded with the Worcester District Registry of Deeds at Book 14890, Page 231.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all such rights, including easements, privileges and appurtenances of every name and nature as may be necessary to give full force, virtue and effect, in perpetuity, to the following restrictions on the use of the parcel of land hereinabove described.

1. No construction or placing of buildings or structures or parts thereof, or roads, ways, paths or portions thereof, shall be permitted on said premises.
2. No construction or placing of utilities or utility delivery systems, or portions thereof, shall be permitted.

3. The use of the above described premises, or any portion thereof, herein and hereby restricted, shall not be used to satisfy zoning requirements for development of any adjoining unrestricted land.
4. No septic systems or leach fields shall be permitted.
5. No excavation, dredging or removal of loam, peat, gravel, soil, rock or other mineral substance shall be permitted, except as needed to maintain the land.
6. No storage, stockpiling, or use of hazardous materials, petroleum products, pesticides and herbicides, manure and fertilizers, including but not limited to paint, fuel oils, lubricants, solvents, and asbestos, shall be permitted, including storage or use in the building located within the area of the conservation restriction.
7. No tillage.
8. No grazing or sheltering of livestock or animals shall be permitted.
9. No commercial or public recreational use shall be permitted, and no motorized or vehicular recreational use by the landowners shall be permitted.
10. No commercial timber harvesting shall be permitted, unless such harvesting is in compliance with the Massachusetts Forest Cutting Practices Act (M.G.L. c. 132, as amended), and MDC Best Management Practices for Forest Management.
11. The parcel subject to this conservation restriction includes an existing, decades old 20' x 50' foot outbuilding which shall be used only for storage and light maintenance purposes (ie. woodworking) and is further encumbered to strictly prohibit:
 - A. enlargement or conversion of the building beyond storage and work space;
 - B. the addition of any other utilities beyond the existing basic electric service;
 - C. commercial use of the building by the owner and/or the rental of the building to another for any revenue generating purpose;
 - D. storage or maintenance of motor vehicles or other internal combustion devices;

E. appreciable alteration or upgrade of the existing access way to this building , allowing only routine maintenance to keep current conditions.

11. No other acts or uses detrimental to such watershed, as determined by the duly authorized representatives of said Commission, its successors or assigns or such other authority which shall for any time legally control or hold said restriction and easement.

The watershed preservation restriction and conservation easement hereby taken, grants the Commission, its successors and assigns, the right to enter upon the land hereinabove described at any time for the purpose of inspecting said land and enforcing the foregoing restrictions and remedying any violations of same, but does not grant the public any such rights. This right shall be in addition to any other remedies available to the Commission, its successors, assigns or other authority, for the enforcement of the foregoing restrictions and the remedying of any violations of same.

All other customary rights and privileges of ownership shall be retained by the owner, including the right to privacy.

The Commission awards damages sustained by the owner of the land hereinabove mentioned by reason of said taking, in the following sum:

Report of Messrs. Faucher and Brooks, July 21, recommending the following on Contract No. P98-1966-M2A, with Inner Space Services, Inc., for Service to Underwater Structure System at Various Flood Control/Navigational Sites -

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the document outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative research techniques, as well as the use of statistical software to process and interpret the results. The goal is to provide a comprehensive overview of the current state of the market and to identify potential areas for growth.

The third part of the document provides a detailed analysis of the data collected. This includes a breakdown of the different segments of the market and a comparison of the company's performance against its competitors. The analysis shows that the company is well-positioned to succeed in the current market environment, but there are still some challenges that need to be addressed.

The final part of the document provides a summary of the findings and offers recommendations for future action. It is clear that the company has a strong foundation in place, but there are still some areas that need to be improved. The recommendations focus on enhancing the company's marketing efforts and improving its operational efficiency.

- (a) That work be accepted as completed as of June 30, 1999.
- (b) That Estimate No. 6 (final) in the amount of \$23,750.61, be approved for payment.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the document outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative research techniques, as well as the use of statistical software to process and interpret the results. The goal is to provide a comprehensive overview of the data and to identify any trends or patterns that may be present.

The third part of the document provides a detailed analysis of the data collected. This includes a breakdown of the data by category and a comparison of the results to previous studies. The analysis shows that there are significant differences in the data, which may be due to a variety of factors. Further research is needed to determine the exact causes of these differences.

The final part of the document provides a summary of the findings and offers recommendations for future research. It is suggested that further studies be conducted to explore the relationship between the variables identified in this study. Additionally, it is recommended that the company continue to monitor the data and update the records as new information becomes available.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative.

2. In the second part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative.

3. In the third part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative.

4. In the fourth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative.

5. In the fifth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β is solved. It is shown that the system has solutions for all values of the parameters α and β if the function $f(x)$ is continuous and has a bounded derivative.

- Thence S. 19° 48' W., 105.56 feet, more or less, by the easterly line of Sterling Place, to a point at the northwesterly corner of land, located at # 48 Sterling Place, now or formerly, of Dorothy M. Rotti (see deed recorded with W.D.R.D. at Bk 3836, Page 4751);
- Thence S. 55° 54' E., 581.5 feet, more or less, partially by the northeasterly line of land, now or formerly, of D.M. Rotti, partially by the northeasterly line of land, located at # 24 Sterling Place, now or formerly, of Thomas A. & Susan E. Morris (see deed recorded with W.D.R.D. at Bk 5142, Pg 143), and continuing across a brook and running partially by the northeasterly line of land, located at # 147 Lancaster Street, now or formerly, of Alexander & Rosalie Fallavollita (see deed recorded with W.D.R.D. at Bk 6749, Pg 344), to a point;
- Thence S. 62° 02' E., 332.5 feet, more or less, by land, now or formerly, of A. & R. Fallavollita, to a point at an angle and the remains of a stake and stones;
- Thence N. 83° 11' E., 341.02 feet, more or less, by land, now or formerly, of A. & R. Fallavollita, to a point at an angle where an oak tree stands, or stood, said point being at the northwesterly corner of land, fronting on Fairbanks Street, formerly of James H. Moore, now or formerly, of Mary I. Pusateri and Rita C. Degreenia (see deed recorded with W.D.R.D. at Bk 11760, Pg 244);
- Thence N. 73° 26' E., 556.8 feet, more or less, by land, now or formerly, of M.I. Pusateri & R.C. Degreenia, to a point;
- Thence N. 69° 15' E., 12 rods and 12 links, or 205.92 feet, more or less, to a point at an angle;
- Thence N. 33° 30' E., 33 rods, or 544.5 feet, more or less, to a point at another angle in the line;
- Thence N. 76° 15' E., 21 rods and 10 links, or 353.1 feet, more or less, to a point in the westerly line of Fairbanks Street, the last three courses being by lans, now or formerly, of M.I. Pusateri & R.C. Degreenia;

Thence Northwesterly and northeasterly, about 1473 feet, more or less, by the westerly line of Fairbanks Street, to the first mentioned point at the Land Court bound, being the point and place of beginning.

Containing 99 acres, more or less, by estimation.

There is no known, recorded or unrecorded, plan of the above described premises. The description set forth above is derived from prior deed descriptions, of the premises herein taken, and of abutting parcels, and from town tax records of current abutting owners.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any and all fee interest in Fairbanks Street and/or Sterling Place, which may be held by the supposed owners as a result of their ownership of the above described premises, and being all of the lands held by the supposed owners lying westerly of Fairbanks Street and easterly of Sterling Place, and being, all or a portion of, the same premises described in three deeds: the first land being all of the land conveyed in a deed from the Town of West Boylston to Joseph Anthony Giobellina, Fortunato Giobellina, and Ermengildo Giobellina, dated July 20, 1939 and recorded with Worcester District Registry of Deeds at Book 2750, Page 170; the second land being all of the land conveyed in a deed from the Town of West Boylston to Joseph Grobellina (sic), Anthony Grobelina (sic), Fortunato Grobellina (sic), and Ermengildo Grobellina (sic), dated 17th April 1947 and recorded with said Deeds at Book 3048, Page 346; and the third land being the westerly portion of the first parcel in a deed from Theresa R. Giobellina to Joseph A. Giobellina and Theresa R. Giobellina, dated 11th October 1980, and recorded with said Deeds at Book 7084, Page 66.

The above described property is represented upon West Boylston Assessors Tax Map 115 as Parcels 3, 4 and 5.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said land, and excluding all easements of record on, over, under, across and through said land.

The Commission awards damages sustained by the supposed owners of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNERS</u>	<u>AWARD</u>
Joseph A. Giobellina and Theresa R. Giobellina, et al.	\$ 645,000.00

The Commission further V O T E D: to approve an award of damages in the amount of \$645,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

Secondly, the document outlines the procedures for reconciling the accounts. It states that a regular reconciliation process should be followed to identify any discrepancies between the recorded transactions and the actual bank statements. This helps in detecting errors or fraud early on.

Thirdly, the document mentions the need for proper authorization and approval for all financial decisions. It suggests that a clear hierarchy of approval should be established, with specific roles and responsibilities assigned to each level of management.

Finally, the document concludes by stressing the importance of transparency and accountability in financial management. It encourages the organization to maintain open communication with stakeholders and to provide regular reports on the financial performance.

1. Report of Mr. Gray, August 16, recommending that the Commission adopt an Order of Taking for acquisition of approximately 95.25 acres of land owned by Albert J. and Josephine M. Calcia, located in the Town of Princeton, Massachusetts, and to approve an award of damages in the amount of \$550,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A. Account No. 2420-8936.
The Commission V O T E D: to adopt an Order of Taking for acquisition of approximately 95.25 acres of land owned by Albert J. and Josephine M. Calcia, located in the Town of Princeton, MA.

ORDER OF TAKING
COMMONWEALTH OF MASSACHUSETTS
METROPOLITAN DISTRICT COMMISSION

Boston, August 19, 1999.

ORDERED: That the Metropolitan District Commission by virtue of the power and authority conferred upon it by Chapter 564 of the Acts of 1987, Chapter 36 of the Acts of 1992, Chapter 88 of the Acts of 1997 and Section 117 of Chapter 92 of the General Laws, and acts in amendment thereof or in addition thereto and every other power and authority hereto enabling, for the purposes of said acts and provisions, does hereby order the taking of and does hereby take in fee for watershed preservation, protection and operation purposes, under the provisions of Chapter 79 of the General Laws, in the name and behalf of the Commonwealth of Massachusetts, the following described land situated in the Town of Princeton in the County of Worcester and Commonwealth of Massachusetts, namely:

Two certain adjoining tracts or parcels of land lying in the easterly part of the said Town of Princeton, northerly of Sterling Road-Route 62, easterly of Bullard Road, and southerly of Hubbard Road, the larger and more southerly parcel, herein designated Tract 1, is the greater part of the farm formerly known as the "Almshouse Estate", having served as the Princeton Poor Farm, and is partially bounded by the centerline of a brook known as East Wachusett Brook, more particularly bounded and described as follows:

Tract 1

- Thence S. 08° 31' 11" E., 322.33 feet, by the stone wall, to a drill hole set, at or near the northwesterly line of a New England Power Company 125 foot wide power line easement, as described in deeds recorded with said Deeds at Book 4127, Page 499 and Book 4132, Page 577;

- Thence S. 08° 46' 10" E., 359.85 feet, by the stone wall and through the power line easement, to a drill hole set;
- Thence S. 08° 26' 30" E., 276.22 feet, by the stone wall, to a drill hole set in a wall corner, formed by the intersection of three wall segments, and at other land taken for the Commonwealth of Massachusetts, by the Metropolitan District Commission, from owner unknown, in an order of taking recorded with said Deeds at Book 15475, Page 320, (note that the principals of G.R.C. Associates, Richard H. Clark & R. Craig Reynolds, claim to be the former owners of this abutting parcel), the last five courses being by land, formerly of G.R.C. Associates, now of the Commonwealth of Massachusetts, MDC;
- Thence S. 69° 04' 27" W., 331.39 feet, by and through stone wall segments and the remains of a wire fence, to a drill hole set at a corner, at the northerly end of the remains of a stone dam known as "Benthal's Dam";
- Thence S. 15° 09' 37" E., about 37 feet, more or less, by the face of the remains of "Benthal's Dam", to a point in the center line of East Wachusett Brook, the last two courses being by land of the Commonwealth of Massachusetts, MDC, taken from owners unknow, as referenced above;
- Thence Westerly and Northerly by the centerline of the Brook, as it runs, about 80 rods, or 1320 feet, more or less, until it comes to the westerly corner of the "Keyes Lot";
- Thence Westerly, still by the center line of East Wachusett Brook, until it comes to a large rock in the south side of said brook, being a few rods southerly of the clothiers shop, formerly belonging to Ebenezer Parker, Jr.;
- Thence N. 23° 30' E., 3 rods or 49.5 feet, more or less, by land, formerly of Ebenezer Parker, Jr., now of uncertain ownership, to a stake and stones;

Thence Northwesterly, by land, formerly of Ebenezer Parker, Jr., by and through the stone wall first mentioned, to the southeasterly corner of the excluded Lot 1, being the point and place of beginning.

Containing, by estimation, from prior deed area, with deductions for surveyed areas sold out or excluded from Tract 1, an area of 90.681 acres, more or less.

Tract 2

A certain tract of meadow land, situated in the said Town of Princeton, containing four acres, more or less, lying northerly of and adjoining that portion of the farm described above as Tract 1, bounded easterly by land, formerly of Jonas Roper, the "Roper Farm", later held by John Chandler, and, now or formerly, of Arthur C. & Shirley J. Hubbard, southerly, by Tract 1 as described above, westerly, by land formerly of Ebenezer Parker, and northerly, by land, formerly of Ephraim Chandler, now of uncertain ownership (note, this last named abutter's land may have been devised to Arthur C. Hubbard in the will of John Chandler, Worcester County Probate Docket No. 65690B, devise included the "Roper Farm" of 84 acres, more or less, the "Fairbanks Pasture" of 32 acres, more or less, the "Rawson Lot" of 14 acres, more or less, and "all the land between the Roper Farm and West Sterling").

Containing, four acres, more or less, by prior deed description.

The total area of both tracts of land, described herein and intended to be taken hereby, is estimated to be 94.681 acres, more or less.

Lot 1, a parcel of 13.28 acres, excluded from the taking of Tract 1 above, is shown upon a plan entitled "Land In Princeton, Mass. Surveyed For Albert J. and Josephine M. Calcia", dated July 1999, prepared by David E. Ross, Associates, Inc., David Edward Ross, P.L.S., a reduced copy of which plan, labeled EXHIBIT A EXCLUSION PLAN is appended hereto and made a part of this order.

The following record plans were consulted in the construction of the description of Tract 1 set forth above:

A plan entitled "Plan Of Land In Princeton, Mass. Owned By Albert & Josephine Calcia To Be Conveyed To Michael & Jacqueline Calcia", dated September 16, 1982, prepared by Rice Engineering, John R. Lonergan, R.L.S., which plan is recorded with said Deeds as Plan 79 in Plan Book 501. (See accompanying deed recorded with said Deeds at Book 7612, Page 219.)

A plan entitled "Plan Of Land In Princeton Owned By David & Jeanne Calcia", dated April 24, 1972, prepared by Commonwealth Survey Corporation, R. F. DeFalco, P.L.S., which plan is recorded with said Deeds as Plan 75 in Plan Book 366.

In addition, the following three sheet set of plans prepared for the Metropolitan District Commission, and on file with the Office of the General Counsel, at MDC Headquarters, 20 Somerset Street, Boston MA, was used in the construction of the description of Tract 1 set forth above:

A plan entitled "Commonwealth Of Massachusetts Metropolitan District Commission Division Of Watershed Management Princeton (Worcester County) Mass. Land Taking Plan For Watershed Protection", dated June 18, 1992, prepared by Schofield Brothers, Inc., David W. Humphrey, P.L.S., Schofield Bros. Plan No. 17114, which three sheet set of plans are to be recorded with said Deeds, at a later date.

Meaning and intending to take hereby the above premises, howsoever the same may be bounded and described, and including any and all fee interest in Town Farm Road and/or East Wachusett Brook, which may be held by the supposed owners as a result of their ownership of the above described premises, and being most of the same premises described in a deed from Murton Biathrow to Albert J. Calcia and Josephine M. Calcia, dated 15 November 1966 and recorded with Worcester District Registry of Deeds at Book 4717, Page 253.

The above described property is represented upon Princeton Assessors Tax Map 13 as most of Parcel 22.

AND IN LIKE MANNER, for the same purposes and by virtue of the same powers, the said Metropolitan District Commission does hereby order the taking of and does hereby take in the name and for the benefit of the Commonwealth of Massachusetts, for the purposes of said acts and provisions, all trees on said land and structures affixed to said land, with the exception of the poles, wires, cables, conduits, pipes and their appurtenances, for the conveyance of water, sewage, steam, gas and electricity, and for the transmission of telephone and telegraph communications and data or signals by electrical or electronic or electromagnetic means of any kind, now lawfully in or upon said land, and excluding all easements of record on, over, under, across and through said land.

The Commission awards damages sustained by the supposed owners of the land hereinabove mentioned by reason of said taking, in the following sum:

<u>OWNERS</u>	<u>AWARD</u>
Albert J. Calcia and Josephine M. Calcia	\$ 550,000.00

The Commission further V O T E D: to approve an award of damages in the amount of \$550,000.00, together with such damages and costs as required under General Laws, Chapter 79, Sections 6, 12, 39 and 44A.
