

NF Night Fighters of America
A Violence Prevention Organization
A CALL FOR PEACE NOW

Please, do **NOT** throw this letter away; this message could save a child's life!

WHO: The Night Fighters of America, a violence prevention organization, is calling on *all* citizens to become Ambassadors for Peace. **Come join us for the Call for Peace Now Movement.**

WHAT: The movement's goal is to connect cities, states and communities across the nation on behalf of our kids. We need peace against bullying, drugs, suicide, child abuse, school shootings, human trafficking and all other societal ills that negatively affect our children. Collectively, we can draw attention to this growing dilemma and work together to alter the mindset of others in our fight against violence.

What is an Ambassador for Peace? An Ambassador for Peace is a person who pledges to

- bring awareness to the growing violence affecting our kids
- be a spokesperson committed to speaking up for the betterment of our youth
- participate in ongoing Night Fighters violence prevention activities and engage others to join the cause

WHEN: During the week of Sept 22-28, 2013, let's show a display of beautiful pageantry and unity by decorating our neighborhoods, homes, businesses, schools churches in black and gold ribbons, balloons, or streamers. You can start by decorating your own trees, mailboxes, doors, porch fronts and by wearing black and gold attire or ribbons. The black ribbons commemorate the precious young lives that were lost too soon, but not forgotten; the gold ribbons symbolize a new era of hope for a brighter future to come. This effort will send a visual message that we are taking a stand as a unified force to fight violence against our youth.

Please do not allow this letter to stop here. Your involvement, ideas and suggestions are valuable. Use social media and other means of communication to spread the word about this week long celebration. Send this letter to at least 20 friends, relatives, neighbors or colleagues and ask them to do the same - spread the word and show their display of support.

Become an Ambassador for Peace by visiting our website at www.nightfightersofamerica.com and clicking the "Ambassador" button. Dear Governor Patrick,

My name is Joel Bell, the President of a youth violence prevention organization called Night Fighters of America. As a concerned citizen and parent, I feel an obligation to do something to address the growing concern of youth violence in our nation. Sometimes, as ordinary people, we may feel we are unable or ill-equipped to fix matters of this proportion; however, if we bind together and connect with people that can take our message of peace to higher heights, we can bring awareness to the growing concerns facing our community and alter the mindsets of our youth. Unfortunately, too many of our youth feel lost and forgotten. Just imagine the benefits of making young people feel more valuable so they won't feel the need to commit suicide or take the lives of others because they feel discarded themselves.

On behalf of our youth and in commemoration of the young lives lost to violence, we have initiated a Call for Peace NOW Movement (September 22-28, 2013) that brings awareness to the need for peace in our schools, communities and nationwide. We all have a vested interest in this; be a *voice* for a generation. Let's come together and make a powerful impact in the lives of our youth.

Visit our website at www.nightfightersofamerica.com to find out more about our Call for Peace NOW Movement, the Peace Holiday petition and how to become an Ambassador, a voice of influence for your state. A **Call for Peace NOW** is a grassroots movement; there is room for all of us to share ideas, talent and time. We are looking forward to having the cities in your state participate as forerunners in the Call for Peace NOW movement.

Enclosed is the Call for Peace Letter and further details on how to spread awareness. Thank you in advance for your support. We look forward to connecting with you. Please contact us with any questions or comments.

Sincerely,

Joel Bell
