Dear Governor

My name is Dawn falling Star Hendricks
I am responsible for American Indian
Heritage month from 1997-2001

I had gotten the updates for the month-
long recognition from the dates above,
after each month's end would result
in returning the month back to a week

I feel we as Native Americans believe
that we deserve to have a month
to celebrate as well as other

groups of people. With your help,
and possible recommendation

to the President to make the change
back from the week to a full
month permanent! It is as

important now than ever because we
have a president whom would have

compassion and understanding of
of our situation seeing that we

both have dealt with cultural
diversity and the fight for
equality. I'm honored to have

the opportunity to present you with
this humble request.

please again we need you
to help us with this
struggle. I'm sorry for
the crude appearance of
this letter, but my computer
isnt working. forgive me
for this. I truly hope

Dear Lorena

I would like to share information with you about our Pastor (Luanpanoag) Curtis Juge Jr. He is in desperate need of a kidney. He undergoes 11 hours in the morning and 2 hours in the afternoon. He comes to church in pain every Sunday.

He means so much to our tribe.

We all love him and given the opportunity to attend our church you will see for yourself and enjoy the happiness he brings to all. With your education and ability to contact organizations of philanthropist we feel you may be able to shed some light for him. We hate to loose him his search so

far has failed and he remains suffering. please help if you can with any info that may get him closer to his dream.

We all have dreams his is just live. Thank you for your attention.
