Background on the Command Center

The COVID Command Center, under the leadership of Secretary Marylou Sudders and reporting to Governor Charlie Baker and Lt. Governor Karyn Polito, is the Commonwealth's single point of strategic decision making and coordination for the Administration's comprehensive COVID-19 response.

Situation in Numbers

Massachusetts **current as of 5/01**

64,311 Total Cases ([click here for more information](#))

3,716 Deaths

289,636 patients tested to date by MA State Public Health Laboratory, hospitals and commercial laboratories.

United States **current as of 5/01**

Case numbers are updated regularly at noon. Saturday/Sunday reports are preliminary and have not been confirmed with state/territorial health departments.

Total Cases Reported to CDC:

1,062,446 Total Cases

62,406 Deaths

55 Jurisdictions Reporting Cases (50 states, D.C., Puerto Rico, Guam, Northern Marianas, and US V.I.)

Social Distancing Basics:

- ✓ Stay Home
- ✓ Call/Facetime/online chat with friends and loved ones.

If you go out for essential needs:

- ✓ Avoid crowds
- ✓ Stay 6 feet away from others
- ✓ Don't shake hands or hug
- ✓ Wear a face covering or mask if physical distancing is not possible.

State Actions Today

Today, Governor Charlie Baker and Lt. Governor Karyn Polito joined Secretary of Health and Human Services Marylou Sudders to provide an update on the Commonwealth response to the COVID-19 pandemic. ([See video here](#)).

The Governor provided his daily update on testing, hospitalizations, and PPE distribution, announced a new emergency order requiring the wearing of masks or face coverings in public settings, and announced increased COVID-19 testing capacity at community health centers.

Testing:

- Yesterday (April 30) 13,989 tests were reported in Massachusetts.
- The number of new, confirmed COVID-19 cases came in at 2,106.
- 15% of those tests were positive.

Hospitalizations & Capacity:

- As of April 30th there were 3,803 patients hospitalized statewide for COVID-19, a slight decline from yesterday.
- Overall, our hospitals have had roughly this many COVID positive patients in their facilities for the last two weeks.
- For people who test positive for COVID-19, about 6% get sick enough to be hospitalized.
- Massachusetts hospitals have significantly increased their bed capacity and now have about 18,300 beds available across the state—including the temporary field hospitals.
- 54% of those beds remain available for patients.

Personal Protective Equipment:

- As of yesterday, the Commonwealth has delivered over 7.3 million pieces of PPE.
- This includes masks, gloves, gowns and ventilators distributed to health care workers, first responders and others. We continue to aggressively pursue all supply chain avenues.

Mask and Face Covering Order

The Baker-Polito Administration has ordered all residents over the age of two to use a face covering or mask in public places where maintaining proper social distancing measures to prevent the spread of COVID-19 are not possible. This statewide order goes into effect on May 6th and supersedes [previously issued guidance](#) relative to mask use.

This order applies to all workers and customers of businesses and other organizations that are currently open to the public and permitted to operate as [COVID-19 Essential Businesses](#), such as grocery stores, pharmacies, and other retail stores. Residents are also required to wear a mask or face covering at all times when using any means of transportation service or public mass transit.

[Click Here to See New DPH PSA on How to Safely Cover Your Face Outside of Home](#)

COVID-19 RESPONSE COMMAND CENTER DAILY SITUATION REPORT

A face covering may include anything that covers the nose and mouth, including a mask, scarf, or bandana. Health care masks (such as surgical or N-95 masks) should not be used and should be preserved for health care workers and first responders. Cloth masks should not be worn by young children under the age of two, persons with difficulty breathing, or those who are unconscious, incapacitated or otherwise unable to remove the mask without assistance. Instructions on how to make a cloth mask are available from the CDC [here](#).

[Read the Order here](#)

Community Health Care Center COVID-19 Testing

In continued partnership with Quest Diagnostics and the Mass League of Community Health Centers, the Baker-Polito Administration today announced further expansion of COVID-19 testing at additional centers throughout the Commonwealth.

This testing expansion builds upon the [previously announced](#) increased testing, bringing the total to 18 Community Health Centers. The new facilities that will begin or expand testing include:

- Lynn Community Health Center
- Holyoke Health Center
- North Shore Community Health Center
- South Boston Community Health Center
- Community Health Center of Franklin County

Update on Mobile Testing Numbers for Long Term Care, Assisted Living Residences and EOHHS Sites

The Mobile Testing Program can test both symptomatic and asymptomatic residents and staff at nursing homes, rest homes, Assisted Living Residences, and EOHHS group homes and care sites. The program was launched by the Command Center on 3/31 and operates under the auspices of the Massachusetts National Guard, in partnership with the Department of Public Health, Fallon Ambulance, and Broad Institute of Cambridge. See a summary below of testing activity.

Onsite Testing

Date	Number of Tests Completed	Facilities Visited
5/1	2144	25
Total (as of 5/1)	26,640	503

COVID-19 Cases in Long-Term Care (LTC) Facilities (as of 5/1)	
Residents/Healthcare Workers of LTC Facilities	12,557
LTC Facilities Reporting at Least One Case of COVID-19	319
Deaths Reported in LTC Facilities	2,189

Mobile Testing at EOHHS Group Homes & Care Sites (as of 5/1 by Fallon Ambulance Service)

DDS, DMH, DCF and DPH Facilities	
Clients	6327
Staff	8952
Total Tests	15,279
Number of Locations	1075

Other Important Updates

Holyoke Soldiers' Home

- This week, PPE coaches are on the units at the Holyoke Soldiers' Home to provide additional friendly correction and coaching to ensure staff are compliant with proper use across all shifts, a function in addition to the training staff have already received.
- As veteran residents are being cared for, their status and symptoms are being closely monitored and they are being retested as appropriate. As results are returned, residents are being cohorted appropriately.
- Through recruiting and staffing efforts, the Holyoke Soldiers' Home will be onboarding an additional cohort of new staff on Monday. The Home is ensuring adequate staffing ratios for veteran resident care, and is continuing to post for and hire permanent staff. This is in addition to several nursing staff that were onboarded this week -- a mix of permanent, per-diem, and contracted -- to support veteran care.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Holyoke, Soldiers' Home in Chelsea, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.
- Regular family communication continues from Holyoke Soldiers' Home staff through video chat, and the Family Hotline is available for ad hoc updates with support from social work and clinical staff.
 - Families can call the Family Hotline at 413-552-4764 Monday - Friday 8:00 a.m. - 4:00 p.m. Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov. The hotline hours have been adjusted given the reduction in call volume, and families who need to inquire about their loved one outside of the hotline hours are welcome to call the Home at 413-532-9475.
 - Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file. If a family member requests an update and is **not** the health care proxy, the name of the health care proxy will be shared and it will be suggested that the health care proxy should call and request the update.
- **The total numbers at the Holyoke Soldiers' Home as of Friday May 1:**
 - 83 veteran resident deaths (71 positive, 11 negatives, 1 unknown)
 - Testing results of all residents
 - 80 veteran residents have tested positive
 - 61 veteran residents have tested negative
 - 1 veteran resident have pending tests
 - Of all residents
 - 106 residents are onsite
 - 36 residents are offsite
 - 32 residents are at a dedicated skilled nursing unit at Holyoke Medical Center
 - 4 residents are receiving acute care offsite
 - 81 employees have tested positive

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

Chelsea Soldiers' Home

- This week the Chelsea Soldiers' Home is receiving some veterans back who had been transferred to VA facilities after testing positive for COVID-19 and are now being medically cleared to return to the Soldiers' Home. As veterans return, they are being cohorted and will continue to be monitored and evaluated.
- Veteran residents' health is being monitored and retesting is being conducted for veterans on- and off-site as appropriate. As results are received, veteran residents are being appropriately cohorted and further monitored. The majority of those who test positive are being proactively transferred to other facilities for further monitoring and the option of higher acuity care.
- The Chelsea Soldiers' Home has been continuously reviewing and revising its infection control policy and consulting with experts to ensure best practices throughout the facility. Staff have been provided PPE core competency training, the entire facility is rounded on daily for infection control quality assurance checks, all units have been provided with educational materials, and there are daily cleanings throughout the facility in addition to frequent terminal cleaning.
- The Chelsea Soldiers' Home clinical command continues to respond to the COVID-19 pandemic, including regular coordinating calls with the VA Health Care System, monitoring and enforcing staff use of personal protective equipment (PPE), and closely monitoring staff levels, supplementing as necessary with support from contracted staff.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Chelsea, Soldiers' Home in Holyoke, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.
- Veteran residents are communicating with their families and loved ones via video with support from the Chelsea Soldiers' Home Social Work team. Families can request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file.
- **The total numbers at the Chelsea Soldiers' Home as of Friday May 1:**
 - 32 veteran resident deaths (25 tested positive, 7 tested negative)
 - Today's update includes 1 veteran resident death who had tested positive, was being treated at a hospital, and was receiving comfort measures only
 - 28 veteran residents who have tested positive
 - 193 veteran residents who have tested negative
 - 53 staff tested positive

COVID-19 Public Health Data

The Department of Public Health has made available the underlying data files the Department uses each day to produce the COVID-19 Dashboard, as part of a continued effort to expand the amount and type of data released to the public. The data files are updated and posted daily (**by 4pm**) with the dashboard report for the public, researchers, and media to download. **City and town case data are published weekly each Wednesday.** ([Find the Data Files Here](#)). Key data reflected in today's report is provided below:

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

Newly Reported Cases Today 2,106	Confirmed Cases 64,311	Newly Reported Deaths Today 154	Deaths of Confirmed COVID-19 Cases 3,716
Percent of All Cases Currently Hospitalized 6%	Count of Cases Currently in ICU 947	New Tests Reported Today 13,989	Total Tests Performed 289,636

Resources

COVID-19 Testing

The Department of Public Health (DPH) has posted to their COVID-19 website information on testing and mobile testing site locations ([available here](#)). This information is updated twice weekly.

Homeless COVID-19 Isolation Sites

The Commonwealth's COVID-19 Command Center and MEMA have stood up regional isolation and recovery sites located in hotels across the state ([click here for more information](#)). Currently there are sites in Lexington, Pittsfield, Taunton, Northampton, and Everett. These locations are for individuals who:

- Are homeless (people who normally sleep at a shelter, on the street, for whom home is unsafe due to violence, or who do not have a permanent address) AND
- Who are COVID-19 positive OR have a medical provider's note recommending isolation and can safely isolate without medical supervision.

These sites are for individuals who have mild or moderate symptoms and do not need hospital level of care or nursing facility level of care. Medical treatment is not provided on site. As noted above, individuals must have a positive COVID-19 test or must have been seen by a medical provider and directed to isolate for them to be accepted. These locations cannot support individuals who need assistance with Activities of Daily Living or who need the level of care provided at a Skilled Nursing Facility.

For shelter providers located outside Boston, please call 617-367-5150 between the hours of 7 a.m. and 7 p.m. The intake coordinator will determine eligibility, register an individual for the program, and have the guest placed and transported to the nearest Isolation and Recovery location that has availability.

For shelter providers located in Boston please call 617-534-5050 to access sites in Boston.

Disaster Recovery Information

On March 27, the President [declared](#) a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA's Recovery Unit has developed a [website](#) with information and guidance regarding the disaster declaration, eligibility criteria, and the application process.

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

COVID-19 Public Resources Map

MEMA, together with MA VOAD and other partners, has developed a [COVID-19 Public Resources Map](#) showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard

MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available [here](#). This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

Stay Informed

- Get information from trusted sources. Visit <https://www.mass.gov/covid19> for the latest news, case counts, and lab testing results. Call 2-1-1 with questions. Text the keyword **COVIDMA to 888-777** to receive notifications to your phone. To receive these notifications in Spanish, text **COVIDMAESP to 888-777**
- Take care of your emotional health:
- Call 2-1-1 and choose the “CALL2TALK” option.
- Samaritans is continuing operations 24/7, as always. During this unprecedented time, it can feel overwhelming to receive constant messages about COVID-19. Call or text their 24/7 helpline any time at 877-870-4673.
- The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster, including disease outbreaks like COVID-19. This toll-free, multilingual, and confidential crisis support service is available to all residents in the United States and its territories.

Give Blood:

The COVID-19 virus has caused the cancellation of blood drives across the Commonwealth. There is an urgent need now. The Governor has deemed “Blood and plasma donors and the employees of the organizations that operate and manage related activities” as an essential service. Your support is needed to communicate to your residents that the need is urgent, and donating is a necessity to supply the hospitals with the blood our neighbors require. Donating blood is safe and people should not hesitate to give. In addition, there is a need for community blood drive sites in the eastern part of the state. Identifying donation sites is vital to meet the demand as we go forward. Your local knowledge, suggestions of sites, and potential partners are crucial to meeting the needs of our neighbors who need blood and blood products. To schedule a new blood drive contact Bill Forsyth at (617) 699-3808 or at email William.Forsyth@redcross.org.

Those who are healthy, feeling well and eligible to give blood or platelets, are urged to make an appointment to donate as soon as possible by using the Red Cross Blood Donor App, visiting RedCrossBlood.org or calling 1-800-RED CROSS (1-800-733-2767).

Requests for Red Cross Emergency Response

American Red Cross

The American Red Cross (ARC) of Massachusetts is committed to fulfilling our Mission of providing emergency relief to our neighbors following a home fire or other disaster. We have implemented temporary changes to our response protocols. ARC we will be responding to your requests for service with a virtual response and ask your assistance in sharing this information with your Incident Commanders and Dispatch Center personnel.

Notification: Continue to request a response by contacting our long-standing emergency line **800-564-1234**.

When calling: Please have contact information for the head of household for each displaced family unit.

A point of contact from the Fire Department or Emergency Management on-scene that we can coordinate with if needed. Quick assessment as to extent of damage.

What we will do:

- Contact each head of household by phone or video chat. Open a virtual case for each affected family.
- Arrange for lodging if needed.

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Deliver a Client Assistance Card (financial assistance) to hotel, family member's home, etc.
- Provide Recovery guidance and assistance in the days following the incident.

If a virtual response is not possible, we will send a minimal number of Red Cross volunteers to the scene to orchestrate the virtual intake process. We value our partnership with your department and encourage you to contact us with any questions.
