Re: Proclamation for National Medical Billers Day

Dear Governor Patrick:

The healthcare field is dependent upon professional medical billers and coders to submit (and process) medical claims in a timely and legally compliant manner. As professionals in this field we work tirelessly to ensure that physicians, hospitals, and other healthcare providers are compliant in documentation, coding and submission of claims to both public and private insurers.

As one of the many "unsung heroes" of healthcare in Massachusetts and across the country, and as a member of the American Medical Billing Association, I am respectfully requesting that you consider proclaiming March 28, 2013 as National Medical Biller's Day.

I am attaching a sample proclamation for your consideration and thank you in advance for your consideration. Should you or your staff have any questions, please do not hesitate to contact me.

Sincerely,

*Terri D. Wyman, CPC, CMRS*
