Salem about 4 afternoon June
 We whose names are subscribed to y^e 1th
 mentioned, upon a second search about 3 or 4
 hours distance, did find y^e said Brigitt Bishop
 alias O'Brien, in a char of freer state from any
 p^{er}ternaturall Excessence, as formerly seen by us
 as also Elizabeth Nurse in stead of that Excessence
 is in mentioned it appears only as a dry skin wth
 lines, & as for Elizabeth proctor which Excessence
 like a little red & fresh, not any thing appears, but
 only a proper procerdulia Anj, & as for Susanna
 Martinz whose breast in y^e Morning search
 appeared to us very full; y^e Nipples fresh & start
 = ing, now at this searching all lancher & p^{er}ndant
 which is all a p^{er}fect from y^e 1th in mentioned
 subscribers, that that piece of flesh of Goodwife Muffly
 formerly seen is gone & only a dry skin remains to y^e same
 in a former part
