

The deposition of Ann Putnam Junr who testifieth and saith that
 on the latter end of April 1692 there came an old woman and
 did most grievously torment me and told me his name was
 Hoar: but on the 2 may 1692 Davys Hoar did most dreadfully tor-
 -ment me during the time of her examination and then I saw
 that it was the very same woman that told me his name was
 Hoar: after on the day of his examination I saw Davys Hoar
 or his Appearance most grievously torment and afflict Mary Walcott
 & her husband Sarah Wibber Abigail Williams and ~~several~~ others
 and I verily believe in my heart that Davys Hoar is a witch for
 since she went to prison she or her Appearance has come to me
 and most grievously tormented me by biting pinching and almost choak-
 -ing me to death.

my putman owned this her testimony to be true with our hat oath
 before the Justices of Inquest: this 2. day of July: 1692.
