State Actions Today

Face The Nation

Governor Charlie Baker appeared on Face The Nation this morning. The Governor spoke about the Commonwealth's COVID-19 response, and the impact the pandemic is having in Massachusetts. He also focused on Community Contact Tracing Collaborative, and how important that initiative will be for Commonwealth to "get back on its feet and start thinking about reopening." ([Watch: Face The Nation with Gov. Baker](#))

Flags Ordered Half-Staff (From the Office of the Governor)

Because the Commonwealth of Massachusetts remains in its emergency posture due to COVID-19 response, Military Honors during burial are un-available to those veterans who pass during this public health crisis. As such, Governor Charlie Baker has ordered that the United States of America flag and the Commonwealth of Massachusetts flag at the Massachusetts Soldiers' Home – Holyoke, the Massachusetts Soldier's Home – Chelsea, the Massachusetts Veterans Memorial Cemetery in Agawam, and the Massachusetts Veterans Memorial Cemetery, Winchendon, be lowered to half-staff as a mark of solemn respect and in honor of the lives of all departed veterans during this period.

This order should begin immediately and shall end at the conclusion of the Governor Baker's Emergency Order regarding COVID-19.

Update on Testing

As of today, **162,241** tests have been conducted; **5,435** new tests conducted today. Daily test reporting data, including number of positive cases, can be found at [here](#) at 4:00 PM each day.

Update on Mobile Testing Program for Long Term Care, Assisted Living Residences and EOHHS Sites

The Mobile Testing Program has expanded and can now test both symptomatic and asymptomatic residents and staff at nursing homes, rest homes, Assisted Living Residences, and EOHHS group homes and care sites. Facilities with clinical capacity, can also order test kits to perform themselves. The program operates under the auspices of the Massachusetts National Guard, in partnership with the Department of Public Health, Fallon Ambulance, and Broad Institute of Cambridge. See a summary below of activity today and since the launch of the program.

Other Important Updates

Holyoke Soldiers' Home

- The Holyoke Soldiers' Home leadership continues to enforce the proper use of PPE and monitor the supply, and today is expecting a shipment of 5,000 gowns to keep staff safe while providing care for veteran residents.
- While the Holyoke Soldiers' Home is maintaining strong staff-resident ratios with continued support from the Massachusetts National Guard, leadership continues to conduct a gap analysis which will inform a comprehensive hiring and recruitment plan based on the goal of an optimal staffing ratio that aligns with industry standards on Hours Per Patient Day (HPPD), and accounts for current and expected patient acuity at the soldiers' home, as well functional staff call-out rates and vacancies.
- The Clinical Command continues to respond to the COVID-19 outbreak while bringing on additional management staff for nursing, facilities, operations and administration to complement the existing staff. Continued focus on quarantine zones for COVID-19 positive residents, enforcing use of PPE and monitoring supply, and ensuring increased disinfection protocols.
- The Holyoke Soldiers' Home continues regular communication with veteran residents' health care proxies, and is scheduling regular updates for families, which is made possible through the additional clinical case management nursing staff that was brought on board.
 - Families can call the Family Hotline at 413-552-4764 Monday – Friday 8:00 a.m. – 6:00 p.m., and Saturday 9:00 a.m. – 1:00 p.m.; Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov.

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file. If a family member requests an update and is **not** the health care proxy, the name of the health care proxy will be shared and it will be suggested that the health care proxy should call and request the update.
- **The total numbers at the Holyoke Soldiers' Home as of Sunday:**
 - 60 veteran resident deaths (50 positive, 8 negatives, 1 pending, 1 unknown)
 - 90 veteran residents have tested positive
 - 66 veteran residents have tested negative
 - 10 veteran residents have pending tests
 - 81 employees have tested positive

Chelsea Soldiers' Home

- The Chelsea Soldiers' Home continues to collaborate with the VA Health Care System to proactively transfer veterans who may need care, and to accept Veterans back who have been medically cleared to return from VA facilities.
- Staffing levels continue to be monitored closely by the Chelsea clinical command, and identified gaps driven by positive employees in self-quarantine per CDC guidelines are being filled by contractors from staffing agencies as needed. So far 47 slots have been filled through staffing agency contracted roles.
- The Chelsea Soldiers' Home clinical command continues to respond to the COVID-19 pandemic, including regular coordinating calls with the VA Health Care System, daily monitoring of personal protective equipment (PPE) supply, and continuously reviewing and implementing infection control policy.
- There have been more than 50 video visits between veteran residents and their loved ones complete with support from the Chelsea Soldiers' Home Social Work team.
 - Brighton Marine has generously donated 25 iPads to help our Veterans stay connected.
 - Families can request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file.
- **The total numbers at Chelsea Soldiers' Home as of Sunday:**
 - 16 veteran resident deaths (12 tested positive, 4 tested negative)
 - 25 veteran residents who have tested positive
 - 206 veteran residents who have tested negative
 - 51 staff tested positive

Give Blood:

As you are aware, the COVID-19 virus has caused the cancellation of blood drives across the Commonwealth. There is an urgent need ***now***. The Governor has deemed “Blood and plasma donors and the employees of the organizations that operate and manage related activities” as an essential service. Your support is needed to communicate to your residents that the need is urgent, and donating is a necessity to supply the hospitals with the blood our neighbors require. Donating blood is safe and people should not hesitate to give. In addition, there is a need for community blood drive sites in the eastern part of the state. Identifying donation sites is vital to meet the demand as we go forward. Your local knowledge, suggestions of sites, and potential partners are crucial to meeting the needs of our neighbors who need blood and blood products. To schedule a new blood drive contact Bill Forsyth at (617) 699-3808 or at email William.Forsyth@redcross.org.

Those who are healthy, feeling well and eligible to give blood or platelets, are urged to make an appointment to donate as soon as possible by using the Red Cross Blood Donor App, visiting [RedCrossBlood.org](https://www.redcrossblood.org) or calling 1-800-RED CROSS (1-800-733-2767).

Resources

Disaster Recovery Information

On March 27, the President [declared](#) a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA’s Recovery Unit has developed a [website](#) with information and guidance regarding the disaster declaration, eligibility criteria, and the application process.

Massachusetts Frontline Worker Resources

In an effort to connect frontline workers with various supports such as free/discounted meals, guidance on accessing PPE and priority testing, emergency child care, and alternate housing options, the Attorney General’s Office developed the Frontline Workers Resource website. The website can be accessed at [FrontlineMA.org](https://www.frontlinema.org).

COVID-19 Public Resources Map

MEMA, together with MA VOAD and other partners, has developed a [COVID-19 Public Resources Map](#) showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources, and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard

MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available [here](#). This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

Requests for Red Cross Emergency Response

American Red Cross

The American Red Cross (ARC) of Massachusetts is committed to fulfilling our Mission of providing emergency relief to our neighbors following a home fire or other disaster. In order to maintain our commitment to assisting to those affected while balancing our volunteer workforce safety, we have implemented the below temporary changes to our response protocols. ARC we will be responding to your requests for service with a virtual response and ask your assistance in sharing this information with your Incident Commanders and Dispatch Center personnel.

Notification: Continue to request a response by contacting our long-standing emergency line **800-564-1234**.

When calling: Please have contact information for the head of household for each displaced family unit.

A point of contact from the Fire Department or Emergency Management on-scene that we can coordinate with if needed. Quick assessment as to extent of damage.

What we will do:

- Contact each head of household by phone or video chat. Open a virtual case for each affected family.
- Arrange for lodging if needed.
- Deliver a Client Assistance Card (financial assistance) to hotel, family member's home, etc.
- Provide Recovery guidance and assistance in the days following the incident.

If a virtual response is not possible, we will send a minimal number of Red Cross volunteers to the scene to orchestrate the virtual intake process. We value our partnership with your department and encourage you to contact us with any questions.
