Wilson C. Jainsen,  
18 Oliver Street,  
Boston, Mass.

Dear Sir:

In answer to your letter of recent date relative to a Hudson Phaeton involved in the Wrentham Bank Robbery, will state that I have conferred with the State Inspectors, and they inform me that it is necessary that the car be held as evidence in the case.

Under the circumstances I regret that I shall have to hold the car until after the trial which is set for March twenty-third.

Yours very truly,

Mr. William Wilbar,  
106 Main St.,  
Brockton, Mass.

Dear Mr. Wilbar:-

Re: Fisk Drug Co

This is in confirmation of our recent  
telephone call.

We are very anxious to secure possession of the 1924 Hudson Phaeton Serial No. 543931 Motor No. 239555 which was involved in the bank robbery at Wrentham and was abandoned at Rohoboth.

The Hartford Fire Insurance Company, as I told you, carry a fire policy on this machine and for that reason, we are anxious to obtain possession. We do not wish to have you do anything that would be detrimental to the Commonwealth's case, but if you find that the machine is not necessary as evidence, we would appreciate any assistance that you might be able to give us.

Very truly yours,

WCJ/MH
