

The deposition of Elizabeth Hubbard aged about 17 years who testifieth and saith that about the beginning of April 1692 I saw the Apparition of Elizabeth Proctor the wife of John Proctor the first and she did immediately tor-tor me most grievously all most ready to choak me to death: urging me to writ in his book: and so she continued afflicting of me by times till the day of his examination being the 11th of April and then also I was tor-tored most grievously during the time of his examination I could not speak a word and also several times since the Apparition of Elizabeth Proctor has tor-tored me most grievously by biting pinching and all most choaking me to death: urging me dreadfully to writ in his book.
