Negative/slide no.	Description
1	Irish round tower at St. Mary's Cemetery (for background on this tower, see KC-02-6-FN).
2	Gravestone with statue at St. Mary's Cemetery. Stone bears the photograph of what is probably Armando DiCrescentis, who is buried there along with this wife, daughter, and granddaughter (whose Irish name, incidentally, reflects the high percentage of Irish/Italian intermarriage in this generation).
3	Example of gravestone with elaborate carving of St. Michael in Sacred Heart Cemetery.
